FOR COLLECTORS OF COINS, MEDALS, TOKENS
AND PAPER MONEY

OCTOBER 1972 / ONE DOLLAR

How to Weigh

The Merits of an Auction Service

1. Check firm's reliability, reputation, and length of time in business. Refer to Dun & Bradstreet.
2. Investigate the terms and all charges. Ascertain the date of settlement.
3. Check insurance coverage.
4. Compare quality and amount of advertising.
5. Check location and facilities.
6. Determine the actual number of catalogues distributed, as well as the type of mailing list employed.

And

7. Decide if conscientious attributions and meticulous attention to detail really "sell" your coins.
8. Decide if an authoritative presentation and fine plates are to your advantage.
9. Consider the added advantages of combined floor and mail bidding.
10. Consistently compare results, not only in reference to a few key lots, but throughout an entire catalogue.

WE SOLICIT YOUR CONSIGNMENTS.

The American Numismatic Association, an educational and nonprofit organization, is the largest and most active numismatic body in the world. It invites and welcomes to membership all worthy persons eleven years of age or over, who have a sincere interest in numismatics, whether they collect coins, paper money, tokens or medals, whether advanced collectors or only those generally interested in the subject without being collectors. The association was founded in 1891, and has about 28,000 members from every state in the Union and many foreign countries. It was chartered for fifty years by Act of Congress May 9, 1912; renewed in perpetuity by Act of Congress April 10, 1962 and is a mutual organization for the benefit of its members.

All Association members, except Associate, receive the official publication, *The Numismatist*, without cost other than their annual dues. Membership applications should be accompanied by \$11.00 to cover admittance fee and the first year's dues. Succeeding annual dues are \$6.00. Non-member subscriptions, \$10.00 per year. Single copy \$1.00. For application blanks or other information, write to Executive Director, P. O. Box 2366, Colorado Springs, Colo. 80901.

The Numismatist is an illustrated monthly which has been issued continuously since its founding in 1888, consists of 160 pages or more in each number with subscribers in about sixty countries. Advertising inquiries should be sent to the Advertising Manager. All other matters for possible publication in or concerning *The Numismatist* are to be forwarded to the Editor. Unsolicited manuscripts, which are sent at the owner's risk, and other correspondence calling for a reply must be accompanied by stamped, self-addressed envelopes.

Opinions expressed in articles published in *The Numismatist* are those of the authors and do not necessarily represent the views of the American Numismatic Association or the Editor.

The following article first was printed in *The Check List*, official publication of Check Collector's Round Table. It is reprinted here with the permission of that publication and organization.

ILLUSTRATED HEREWITH are three different and extremely interesting items which are "Checks" by their own admission in printing on the face of each; but ...are they really checks?

The answer, in my opinion, of course, is no. They were simply methods by which the issuers were attempting to circumvent Federal laws forbidding banks to issue their own money.

I have seen other items of this type, all from the New York area and from the 1872-1879 era giving rise to two speculations: (1) During this period some of these items were apparently issued and very likely redeemed. (2) This eight year period was a period of some sort of "limbo" on the part of the Federal Government in prohibiting the issuance or usage of the items.

The 1873 issue has the following information printed on the back:

Treasurer's Office July 10th, 1873

The holder of this check will please observe that:

1. This check is good for its face at ANY TIME, upon demand.
2. If held until an Interest Coupon becomes due, it will be good for its face and Interest at the rate of 8 per cent per annum.
3. For the security of those who hold it for Interest, a special deposit of the Company's FIRST MORTGAGE BONDS has been made:—see certificate below.
4. If a coupon is cut off before it is due, the check will not be paid until the missing Coupon is returned or becomes due.
5. When the last coupon is due the check may be collected or exchanged for a new one with coupons for another year.
6. Checks of this series are issued in denominations of 5, 10, 20, 50 & 100 dollars each and may be exchanged at this office to suit the convenience of holders.

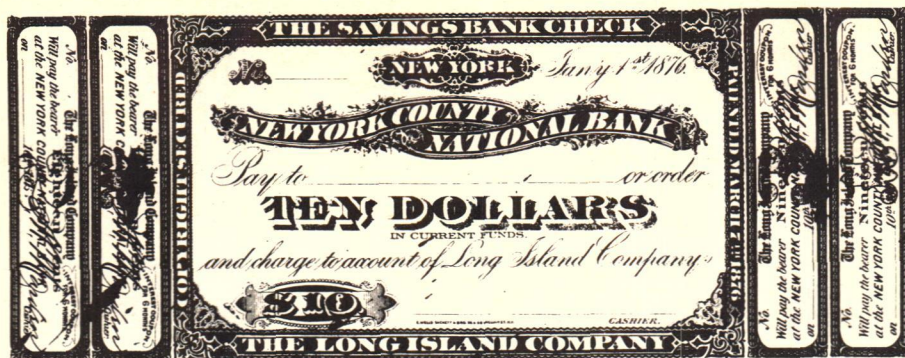

Treasurer.

THE NEW YORK BOND DEPOSIT COMPANY

Presidents Office, 108 Broadway, New York, July 10th, 1873

The within check is one of a series of a total value of ONE HUNDRED THOUSAND DOLLARS to secure the payment of which there have been deposited with this Company One Hundred and Ten Thousand Dollars of the First Mortgage Consolidated and Extension Bonds of the _____ which will be held by this Company and only surrendered pro rata as said checks shall be paid, cancelled and retired.

President

The holder of this Check will observe :

1. That it is payable "on demand," *absolutely*.
2. That if held until an Interest Coupon matures, it is payable (on demand) with the interest coupon—the rate of interest being 4 per cent. per annum.
3. Having been certified by the Bank upon which the check is drawn, it is also substantially a Certificate of Deposit.
4. Checks of this series are issued in denominations of \$10, \$20, \$50, \$100, and \$1,000 each, to suit the convenience of holders, and they are receivable on deposit, at their face value, by Banks and Savings Institutions, the same as any other Bank check.
5. When presented at Bank for payment, this check must have attached to it, *all Coupons not due*, or it will be refused payment, for obvious reasons.

PAY TO BEARER.

6. No interest will be computed or paid, except as shown on the Coupons, so attached, and a reasonable time, for examination, must be allowed, when Coupons are presented in quantities.
7. When the last Coupon matures, the check must be presented with the *Coupon on*, whether for payment or exchange for a new check.

The object of these checks being to facilitate and promote the habit of saving it is desirable that all who may prefer to convert them, at any time into currency, should make an effort to dispose of them in such manner that their usefulness, in this respect, may not be cut short, by a premature collection of the principal sum.

OFFICE OF THE LONG ISLAND COMPANY,

New York,

187

President.

The 1876 issue has a small printed "statement of information" attached lightly to the reverse which reads:

"The holder of this Check will observe:

1. That it is payable "on demand," absolutely.
2. That if held until an Interest Coupon matures, it is payable (on demand) with the interest coupon - the rate of interest being 4 per cent per annum.
3. Having been certified by the Bank upon which the check is drawn, it is also substantially a Certificate of Deposit.
4. Checks of this series are issued in denominations of \$10, \$20, \$50, \$100 and \$1,000 each, to suit the convenience of holders and they are receivable on deposit, at their face value, by Banks and Savings Institutions, the same as any other Bank check.
5. When presented at Bank for payment, this check must have attached to it, all Coupons not due, or it will be refused payment, for obvious reasons.

PAY TO BEARER

6. No interest will be computed or paid, except as shown on the Coupons, so attached, and a reasonable time, for examination, must be allowed, when Coupons are presented in quantities.
7. When the last Coupon matures, the check must be presented with the Coupon on, whether for payment or exchange for a new check.

OFFICE OF THE LONG ISLAND COMPANY
New York,

187

President"

The 1879 issue has no such information but rather bears a special red overprint of "certifications" regarding deposit of U.S. securities for redemption. The overprint reads: "CERTIFICATIONS As to Deposit of Governments with Farmers Loan and Trust (—?) to secure principal and interest of this check.

Cashier.

By the Manufacturers and Merchants
Bank payers."

The printer of all three is listed "E. Wells Sackett & Bro., 56 & 58 Williams St. N.Y." The 1873 issue is two-color on both sides while the 1876 and 1879 are uniface and with color on one side. Could it be that these items were simply "promotions" of this little known lithographer or did the Sackett's actually have a revolutionary idea? I would like to hear from others who may have seen similar items and also as to whether, 1) any used ones exist, 2) any exist from outside New York, and 3) any other printers may have been involved.

The 81st Anniversary Convention of the American Numismatic Association was held in New Orleans and was thoroughly enjoyed by all. The hospitality expressed by the host clubs was of the highest quality. Convention Chairman Jimmy Cohen and his committee are to be congratulated and thanked for their hard work and dedication in putting on a successful convention. The bourse was extremely active, the auction outstanding, and the educational program very interesting.

The exhibits were exceptional and included special exhibits by the Bureau of the Mint, the Bureau of Printing and Engraving, the General Services Administration exhibit of Carson City silver dollars, and displays by the French and British mints. A special post office branch was set up and many ANA Convention cancellations were made. Much ANA business was transacted by the Board of Governors and annual reports of the officers and committees of our association are in this issue of THE NUMISMATIST.

The Convention Headquarters hotel was completely sold out to ANA conventioners and other hotels were used for the large overflow. As always, it was a pleasure to meet and greet old and new friends from all over the numismatic world. Visits to the historic French Quarter and other locations of interest, including a boat trip on the Mississippi, were enjoyed by all. The Young Numismatists had a special program which included a Mississippi River outing. The fun places on Bourbon Street, the antique shops on Royal Street, and the many famous restaurants in New Orleans also attracted ANA members and guests.

The final convention highlight was the banquet, complete with typical New Orleans food and Dixieland jazz. At the banquet, I had the pleasure of announcing that the Joseph M. Segel family had made a gift of a comprehensive collection of Franklin Mint medals, approximately 2,000 items, to serve as the nucleus of the ANA Collection of Modern Medalllic Art. Accompanying this donation was a gift of 1,000 shares of Franklin Mint stock to be used to help pay for the design and purchase of the necessary cases to house and display the ANA Collection of Modern Medalllic Art, which will be exhibited in an area to be developed in our present ANA headquarters building. The ANA highly appreciates this generous gift of the Segal family.

WHO'S WHO & WHAT

At Headquarters

By Glenn Smedley, Governor

During the past summer it was my pleasure to spend two months (in two "hitches") at our headquarters in Colorado Springs. Let me assure you that I was there to work, and did so, sans pay, about six days a week plus homework in my motel room some evenings. But I enjoyed myself, too. Just knowing when I left that our new library catalog was all but completed was one big pleasure.

In the first place, Colorado Springs is my paradise of this country, with its fine weather, beautiful and interesting scenery, and friendly people. You can't find a better place, in my opinion, for a restful and invigorating (and exciting, if you wish) vacation at any time of the year. Of course, driving in the mountains may be restricted at times during winter months, but generally only briefly even then.

The area is rich in sights and lore of the gold and silver mining era of the late 19th and early 20th centuries. There's Pikes Peak, the summit of which I've never visited; the breathtaking beauty of the Garden of the Gods; Cripple Creek, about 25 miles away but best reached by driving twice as far over a main highway, where many millions of dollars worth of gold (at \$20 an ounce) was dug from the mountains and valleys; ghost mining towns, some of them barely discernable now; the famed Broadmoor Hotel area with its Cheyenne Mountain Zoo, shrine to Will Rogers and a cog railway; the sprawling U.S. Air Force Academy; and literally

hundreds of other natural and man-made attractions.

But I've strayed from the purpose of this narrative, which is to tell you something of the people who make our headquarters building the real and living home of the American Numismatic Association. Every one of them works diligently, and often beyond the requirements of his or her position, to keep the office work flowing smoothly and to serve the Association's 27,964 (as of June 30) individual and club members located in the 50 states, the armed services, the District of Columbia and many other countries. I saw them happy and congenial most of the time, but now and then frustrated, dejected or just plain tired - in other words, they are humans.

Ed Rochette, executive director, is well known to many of you, having been in conspicuous and responsible positions in ANA since becoming our editor early in 1967. Ed is very energetic, good natured and has a fine sense of humor. He is a peacemaker and well liked by the members of his staff, yet I've seen him be firm when situations demanded resolution. Ed and Faye took me to their home often to see that I got a good meal and, maybe, to keep me away from the night life (?) of their city.

By the way, this is being written without knowledge, consent or the instigation of anyone in or out of headquarters. It is being written for one reason only - as my contribution to the belief which I foster that ANA members should know

their Association, its people and functions better.

Museum Director Dick Long is a former ANA governor and a dealer, then based in Texas. He has a very good knowledge of numismatics and a friendly attitude toward people. To call him methodical is not derogatory, and his subtle sense of humor is a valuable asset in dealing with the many persons with whom he comes in contact. Dick and Jackie and their four children took me to a scenic spot beyond the Seven Falls for a fried chicken dinner "in the rough" and a delightful evening in scenic Colorado.

Thom Marshall is our new editor and, I believe, a good choice to fill the vacancy when Rochette was named executive director. Thom (Tom) does not have a numismatic background but is getting it rapidly and his newspaper experience serves him well in the new position. He is young enough to be adaptable yet old enough not to be brash. Quiet and unpretentious though he is, one can almost see the cells of his fertile brain working out the details of the next issue of *The Numismatist*.

Another newcomer is John Watson, recently appointed advertising manager. This young man has clearly demonstrated his ability as a fine layout man by "dressing-up" some of the ads and by his art work in *The Numismatist* and the *Club Bulletin*. He worked in movie studios in Hollywood and is "v.f. to e.f." as an illustrator. Nor are his efforts confined to the printed page for he is helping Dick Long with the layout of museum exhibits. His imagination and art ability will be increasingly evident in many of our activities.

Probably Geneva (Genie) Karlson should have been mentioned first because it was she, as librarian, who created the situation that took me to headquarters. Genie realized the need for a new library catalog but was not satisfied with a makeshift such as we have had. She dreamed and worked and cajoled the board to the end that we now have a catalog worthy of the name and her efforts. Genie is petite and reserved

but a big-hearted, friendly and capable lady. She and husband Dick are true numismatists who study the coins they collect.

Jerry Ann Breen, formerly in the library, then part-time library and part-time museum, now spends all of her time helping Dick Long with museum correspondence, exhibits and materials. Using special IBM type heads, Jerry Ann had typed much of the material that was photo-reduced and printed by offset on loose-leaf pages for the catalog. She was most helpful to me in typing some corrections and additions, as well as one of the final sections, even though she was in the museum at the time.

In terms of service in our headquarters, Ruthann Brettell is an old-timer, having started in the temporary headquarters in the summer of 1966. Ruthann's first responsibility is to keep the Association's books, no small job when nine board members, Treasurer Henderson, the finance committee and Ed are looking over her shoulder and the auditors checking frequently. She succeeds by knowing more than most others do about her job, and is remembered by many of us for her invaluable service some years ago in a situation that was too unpleasant to recall unnecessarily. She and her husband know their way around town, too, especially to rodeos and the Flying W Ranch.

Now we come to newcomer Mary Brown, who is a professional librarian and has served in the armed forces. Don't let her attractiveness and pleasant smile fool you - she is a devoted librarian and sticks by her guns. In several attempts, I won only one argument with her. That's a tongue-in-cheek appraisal, really, because Mary is a great asset to our library, an invaluable assistant to Genie and most courteous and helpful to visitors and correspondents. She's had experience "digging" for answers to difficult questions and you may depend upon what Mary says.

Svelte Tricia Gilmore was the receptionist when I went to headquarters but a switch in positions has her in the editorial department now. Quiet and

business-like, Tricia is also a friendly and devoted young lady who keeps the correspondence and files relating to our publications in good order. With a desk near the editor and the advertising manager and next door to the little kitchen, Tricia probably knows more than she'll tell about what's going on in headquarters. She seemed almost shy - maybe even bashful - at first meeting but was very friendly after we got acquainted.

Marcy Hayett, the "fun" girl of the office, is the person you are likely to see first upon entering the building for she is now the receptionist. She receives incoming mail and sorts it to the proper person's pigeonhole and also answers incoming phone calls. Marcy's waggish grin, however, cloaks a serious and able side. She is a proofreader par excellence and the purity of the text in our publications is due in no small measure to her careful scrutinizing of the proof copy. Marcy hopes to return to Milwaukee someday and seek training in grammar and journalism.

Mona Ketchersid has the tough job of keeping the membership files up to date. With several hundred new members each month, numerous address changes, deaths and changed class of membership to record, you can guess at the extent of her job. On Monday mornings Mona's lament is often that she gained two pounds over the weekend. You see, she's the star of the Colorado Ballet Company and must keep fit. A redhead, Mona is attractive, exuberant and a very self-disciplined young lady.

Except for being a most charming lady, Pat Suthers could be called a typical secretary to the boss. She is quiet

and pleasant in her dealings with everyone, but at the same time is an efficient and no-nonsense secretary. Having had formal training and experience as a secretary in her native city of Detroit, Pat brought skill to her position and has served three of our executive directors since shortly after the new building was opened. Her comfortable home just outside the city affords a breathtaking view of Colorado Springs and its environs.

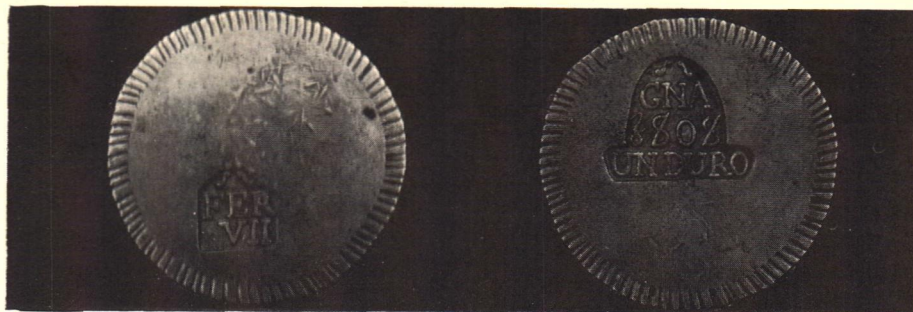

Last on my list of the headquarters ladies, only because her name begins with "T," is Mary Thompson who shares the membership records with Mona. Mary's special duty is to our member clubs and she knows them well through correspondence, handling requests for slides and keeping their records up to date. No one could be more conscientious or more devoted to her job than Mary and my advice to clubs is to give this lady your cooperation and a chance to help you with problems you may have. She's nearly as much concerned about you as she is about her own fine children.

So there you have it: a mini sketch of my impressions of the people who make up our staff at headquarters. There is one more person but while I was there the office print machine operator and busy handyman, "Pete," left and I hardly got to know his successor. My best wishes to them both.

One parting word to any of you who will visit headquarters: stop at J's Motel coffee shop nearby (they serve fine breakfasts and lunches) and pick up a dozen doughnuts for the office crew - for the rest of the day, at least. As I said, they are humans.

NOTICE TO ALL ANA MEMBER DEALERS

All ANA dealers desiring bourse space at the 1973 ANA convention scheduled to be held at the Sheraton-Boston Hotel, Boston, Mass., August 23-27, 1973, should make their requests for bourse application forms to: ANA Bourse Committee, P. O. Box 2366, Colorado Springs, Colorado 80901. Deadline for receipt of request is December 10, 1972.

FEATURING FAKES

DO YOU HAVE THE ORIGINAL?

You see above a new cast counterfeit I hadn't seen before...a fake of Davenport 311, one of Spain's crude "necessity pieces" issued in 1808 at Gerona (GNA). It was issued under the name of the young Fernando VII who was to spend the years 1808 - 1814 as a prisoner under Napoleon's military guard at Valencay.

In Spain the silver "real de a ocho" (8 reales) commonly was called "el duro" (meaning "hard" or "solid"), indicative, I assume, of the world-wide confidence in the Spanish dollar, but the 1808 Gerona piece many have been the first coin on which the word appeared.

One thing I'd say for the counterfeiter of that piece is that he used his head. It's much easier to unload a cast counterfeit of a crudely minted genuine coin, such as a "necessity piece."

Another cast counterfeit of a "necessity" coin you'll see below.

The original of this fake was, itself, a cast coin, made in Royalist Provisional Mint at the village of Chihuahua, Mexico, during the insurrection against Spain's Fernando VII, while the poor fellow was being held helpless in Napoleon's "jailhouse."

On October 8, 1810, a mint to be established at Chihuahua was authorized to issue coins, but nobody in Mexico City seemed able to get the minting machinery delivered for over four years.

The Chihuahua mintmaster, a resourceful soul, didn't wait around for four

years. He took some genuine Mexico City minted 8 reales which happened to be in well-circulated, worn condition, and used those coins to make his molds for casting his Chihuahua coinage. First, though, he removed the Mexico City mintmark, then cut a crude "CA" in its place.

After his coins were cast, to reassure the people that his cast coins were legal tender, according to Dr. Pardeau the Royal Treasurer's "T" was counterstamped on the obverse, left of Fernando's bust, and the tiny pomegranate between two crowned pillars (the badge of the Controller of the Real Hacienda) was counterstamped right of the king's throat.

On the reverse of that cast counterfeit of a genuine cast coin appears an oblong countermark, LCM, which Dr. Pardeau identifies as meaning "La Comandancia Militar" and which was used during martial law to validate coins.

All those countermarks will be hard to see in the photos. The "LCM" appears just below the center of the reverse as it's shown here, upside down, so that you may be able to distinguish the "LCM."

Above on this page you'll see, by contrast, the product of a real craftsman...a beautifully made, prooflike, cast counterfeit of Kann 663, Schjoth 1658, picturing China's president Yuan Shih-k'ai as he was toying with the idea of naming himself emperor. The original was struck in 1917, one year after Yuan's death, in the Tien-tsin mint. This silver fake came to light two months ago.

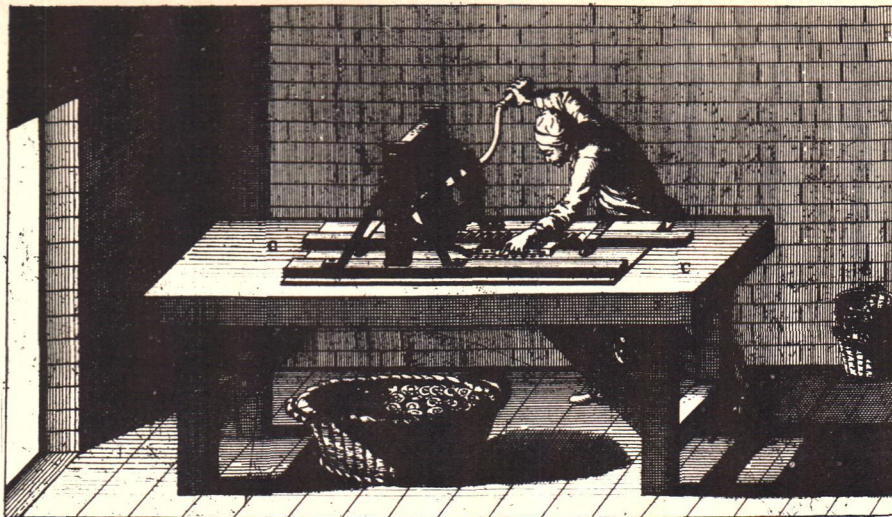

Below you'll see one more made-in-Manilla USA 1894-S silver dime, a cast fake for which an Americano in Manilla paid US \$750.00.

For his \$750.00, though, he also received a nice fairy tale about some Filipino resistance fighter in WW II having saved some American's life, for which heroic act the grateful American had given the resistance fighter this gem, supposedly one of the 24 pieces minted in San Francisco.

This photo was taken before the black goop was removed, after which the cast texture was unmasked.

Of course, if the buyers of these four fakes could have insisted on getting an ANACS registered certification of the coins, they wouldn't have been swindled!

MUSEUM NOTES

The Segel Family Gift A SPECIAL ANNOUNCEMENT

This month we have important news for you. The Joseph Segel family is giving to your museum a collection of approximately 2,000 modern medals and coins struck by the Franklin Mint, one of four such collections known to exist. This generous donation will be accompanied by 1,000 shares of stock that may be sold to develop a gallery of medals at the museum in Colorado Springs. The combined gift is the largest ever to be received by your association.

An important feature of the collection is the fact that it is virtually complete in the modern issues of the Franklin Mint, which is emerging as one of the largest private manufacturers of medallic art in history. As you know, a museum is not only a showplace, but is a repository, a place where we preserve the work of the past. Thus it is important that we acquire and build collections that are as near to being complete as possible for the benefit of all the viewers and scholars who will visit us. For this reason, we are especially pleased to receive a collection that contains a substantial representation of the pieces in a given field or of the work of a given artist or manufacturer.

Another important aspect of the Segel gift is the fact that it reinforces one of our stronger fields. The pieces in this donation will be added to our medal collection that consists of important gifts from such friends as Dr. S.R. Diskin, Kenneth Keith, and Mrs. Zoe E. Moon. Thus viewers and students will be able to relate the work of a large modern mint with that of other mints, both early and modern.

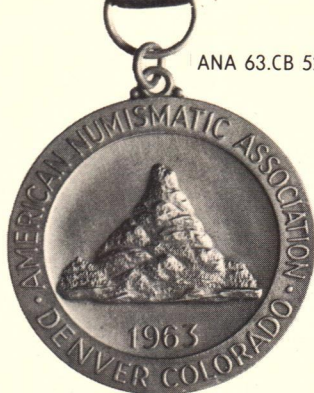

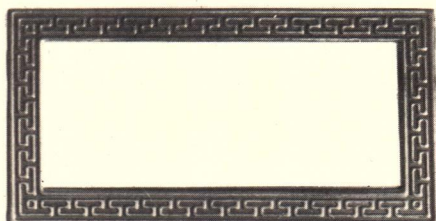

Plans for the new gallery are being made now, and work on it will be done concurrently with the development of our existing museum facilities. We expect that both will be completed next spring, so be sure to plan your next summer vacation to include a visit to Colorado Springs, where we have many things to show you.

Our thanks go to the Segel family for their generous gift. These friends have added a large and valuable group to our collections and have made a very important contribution to the preservation of medallic art. We deeply appreciate this expression of their generosity and friendship.

30mm X 57mm, gilt with a pin clasp back.

RIBBON

The suspension ribbon supporting the pendant from the nameplate is in dark blue.

PENDANT
OBVERSE

1 5/8 inch (41mm), bronze with attached suspension loop at top. Showing Pikes Peak, this design is fashioned after the

Clark Gruber and Company ten (\$10) and twenty (\$20) gold pieces dated 1860. Below peak is, 1963, and around above to right from left the legend reads, AMERICAN NUMISMATIC ASSOCIATION, on raised rim. Also, below from left to right is, DENVER COLORADO.

PENDANT
REVERSE

The ANA lamp of knowledge highlights the upper portion of the design with two smaller coins minted in Colorado in 1861, which are undated, appear on either side of history book. The left coin was minted by the John Parsons and Co. and the J. J. Conway and Co. minted the one on the right. Two large octagonal coins, obverse and reverse, are shown below, the Leshar Referendum Dollar minted in Victor, Colorado in 1900 and 1901. The legend on rim above reads, ROCKY MOUNTAIN RENDEZVOUS, and below, 72ND ANNUAL CONVENTION. The rendezvous legend was the theme of the convention and is based on the historic yearly meetings of fur trappers in the west.

Top ANA Award Goes to Kosoff

For his long service to the hobby in general and the ANA in particular, Abe Kosoff was awarded the Farran Zerbe Award at the closing banquet of the 81st anniversary convention in New Orleans.

In presenting the award, ANA President John Jay Pittman said, "By authority of the Board of Governors of the American Numismatic Association, I am truly pleased to inform you that you have been awarded the Farran Zerbe Memorial Award for distinguished service to the Association.

"Your qualifications for this honor are myriad but difficult to recount in specific terms. Even before you became a member of ANA in 1934, you were seriously interested in numismatics and ever since you entered the field as a dealer in 1937 you have been active in organizational and educational work. However, you have persistently avoided the limelight and been a backstage worker.

"In 1949 you served as National Coin Week chairman and, the same year, you and your business partner introduced award ribbons for winning exhibits. After several years of this practice, the official ANA award system was instituted. You were instrumental in establishing the annual convention educational forum, also in 1949.

"You founded the Professional Numismatists Guild in 1955 and are still its guiding light. In this situation you have brought about harmonious relations between PNG and ANA to the advantage of both. During the drive for funds to build the ANA headquarters you made generous personal contributions and promoted the participation of your fellow professional members.

"You are justly proud of your long and unbroken record of attendance at

ANA conventions, at which you have been called upon frequently for important assignments. You were one of the most active participants in the preliminary work leading to the establishment of the American Numismatic Association Certification Service. You helped in establishing the rules under which The Numismatic Hall of Fame operates and are still serving as a member of its council.

"It is hardly questionable that, except for your modesty in declining official status, you would have held numerous prominent offices. However, your efforts in the background have been persistent and fruitful.

"In 1958 the Association recognized your prior important contributions to numismatics with its Medal of Merit. Today we are proud and pleased to present the highest award of the American Numismatic Association, the Farran Zerbe Memorial Award for distinguished service, to you."

When accepting the award, Kosoff said, "I didn't think they could surprise me in the ANA, but they did . . . Oh, hell, there's nothing I can say to thank them."

Complete coverage of the 81st anniversary convention held in New Orleans will be featured in the November issue of *The Numismatist*. A problem of space due to bylaw requirements that officers' reports be published in October prevents the complete story from appearing in this issue.

Library Catalogs Lost in Mail

The first mailing of ANA Library Catalogs was completed June 17; however, many members have written headquarters that they have not yet received their copies.

Investigation at headquarters has disclosed that probably at least one mail bag of the catalogs has been misplaced at the post office. Postal officials are cooperating in the search and tracers are being sent out on all missing copies.

Members are requested to be patient. Anyone who ordered a catalog by using the yellow card made available to all ANA members may expect to receive his copy when the investigation is successfully completed.

New ANACS Rates

The American Numismatic Association Certification Service (ANACS) in Washington, D.C., has released a new fee structure for its services.

The new rates are:

For coins up to and including \$150 value, as stated by the owner

.....\$6.00

For coins from \$151 to \$300 inclusive, as stated by the owner

.....\$9.00

For coins from \$301 to \$500 inclusive, as stated by the owner

.....\$12.00

For coins from \$501 up, the ANACS fee will be 3 per cent of the value as stated by owner with a maximum fee of \$500.00.

There will be a 10 per cent discount off all fees to ANA members.

Charles Hoskins, ANACS director, said recently that since the office opened June 22, ANACS experts have been developing procedures and skills that help them more efficiently operate the world's first service set up specifically to give an authoritative answer as to the genuineness of numismatic material.

Golden West Commemorated in Series

The Wittnauer Precious Metals Guild in cooperation with the Wells Fargo Bank is issuing a limited edition series of 36 individually numbered medallions commemorating men and events that were significant in winning the West. The series, available in solid sterling silver or 24-karat gold electroplated sterling, begins with tributes to the Wells Fargo Coach and the Pony Express. Medallions are 40 mms in diameter and contain 525 grains of sterling silver. Marcel Jovine has been commissioned to create designs for all 36 medallions. Themes have been chosen by a Board of Advisors. Lower numbers are assigned on a first-come, first-served basis until Dec. 31, 1972, after which no additional numbers will be authorized.

Library Report, Book Reviews Omitted

Due to the problem of space created by the Officers' Reports in this issue, the Library Report and Book Review sections have been omitted. They will be included in the November issue of *The Numismatist*.

In the September Book Review section, it was erroneously printed that David Gentleman's book, *Design in Miniature*, could be ordered from the American Numismatic Society. Orders for the book should be placed with Watson-Guptill Publishing, a division of Billboard Publications, Inc., 165 W. 46th St., New York, N. Y.

NEW & RECENT ISSUES

by Ernst Kraus, LM 129

It is the important duty of *The Numismatist* to record and illustrate new coins. To accomplish this, members in the United States and abroad are invited to submit new issues to Ernst Kraus, Room 939 (include room number in address), 393 Seventh Ave., New York, N.Y. 10001. Coins will be photographed and returned as soon as possible, and a credit line will be given to anyone assisting.

Cayman Islands

The three coins listed were struck by the Royal Mint in London. Current plans are that higher values will be released later this year.

Y-2. 5 cents, 1972. Cupro-nickel. Obverse: Portrait of Queen Elizabeth to right; date 1972 below; legend around, CAYMAN ISLANDS ELIZABETH II. Reverse: Lobster taking up central and left part of field; numeral 5 for value at right. Edge plain. Diameter 18 mm. Weight 2.27 grams.

Y-3. 10 cents, 1972. Cupro-nickel. Obverse: similar to preceding. Reverse: A turtle in the water; numerals 10 for value superimposed at upper right. Edge milled. Diameter 20.5. Weight 3.8 grams.

Y-4. 25 cents, 1972. Cupro-nickel. Obverse: Similar to above. Reverse: Sail-

boat afloat on water; numerals 25 for value superimposed at upper right. Edge milled. Diameter 24 mm. Weight 5.7 grams.

Chile

Prominent historical figures are pictured on the coins in this series. Bernardo O'Higgins was a fighter for his country's independence and became first governor of independent Chile in 1818. Jose Manuel Balmaceda was the last president of the Liberal Republic of Chile (1886-91). M. Rodriguez was a great fighter for independence. Jose Miguel Carrera broke away from the Spanish Viceroy of Peru in 1810. Caupolican and Lautaro both were famous Indians who fought for independence.

Y-113. 10 centesimos, 1971. Aluminum-bronze. Obverse: Portrait of Bernardo O'Higgins to right; his name below, B. O'HIGGINS; legend around, REPUBLICA DE CHILE. Reverse: National arms in upper half; date at left below, 1971; at right below, S mintmark for Santiago; value in center below, 10 CENTESIMOS. Diameter 18 mm.

Y-114. 20 centesimos, 1971.

Y-115. 50 centesimos, 1971. Aluminum-bronze. Obverse: Portrait of M. Rodriguez to right; his name below; legend around as on preceding coin. Reverse: Similar to preceding coin except for value. Diameter 22 mm.

Y-116. 1 escudo, 1971. Cupro-nickel. Obverse: Portrait of Jose Miguel Carrera facing three-fourths to right; his name below; legend around, REPUBLICA DE CHILE. Reverse: Similar to preceding coin except for value. Diameter 19 mm.

Y-117. 2 escudos, 1971. Cupro-nickel. Obverse: Standing figure of Caupolicán; his name below; legend around as on preceding coin. Reverse: Similar to preceding coin except for value. Diameter 21 mm.

Y-118. 5 escudos, 1971. Cupro-nickel. Obverse: Lautaro on horseback to left; his name below; legend around, REPUBLICA DE CHILE.

The Gambia

On July 1, 1971, the dalasi replaced the Gambian pound as the official monetary unit at a rate of 5 dalasis equals 1 pound. In his New Year's message, Sir Dauda Jawara, president, said that the budget had been balanced for the fifth year without outside aid.

Y-11. 25 bututs, 1971. Cupro-nickel. Obverse: Portrait of Sir Dauda Kairaba Jawara to left; legend around, REPUBLIC OF THE GAMBIA 1971. Reverse: Oil palm in the center; value in English above, 25 BUTUTS; same repeated at lower left in Mandinka, Wolof script. Edge milled. Diameter 23.5 mm. Weight 6 grams.

Y-12. 50 bututs, 1971. Cupro-nickel. Obverse: Similar to preceding. Reverse: Wildbeast facing left; value in English above and at left, 50 BUTUTS; same repeated at upper right in Mandinka, Wolof script. Edge milled. Diameter 28.5 mm. Weight 11.5 grams.

Germany, West

This coin, struck at all four federal mints, is the fifth and final to be issued for the Olympic Games at Munich.

Y- . 10 mark, 1972. Silver. Obverse: Olympic flame in the center; Olympic emblem for the games in Munich above; five Olympic rings divide date, 19 72 below; legend around, SPIELE DER XX OLYMPIADE MÜNCHEN. Reverse: Modernistic version of the spread eagle in center; value below and at right, 10 DEUTSCHE MARK; legend at left and on top, BUNDESREPUBLIK DEUTSCHLAND. Edge inscription, CITIUS ALTIUS FORTIUS, (faster, higher, stronger) each word spaced between winged ornaments. Diameter 32.5 mm. Weight 15.5 grams.

Nepal

This 10 paisa coin, produced at the Katmandu Mint, is not Nepal's first issue in co-operation with the Food and Agriculture Organization of the United Nations. In 1968 Nepal issued a 10 rupees silver FAO coin.

Y- . 10 paisa, 1972. Nickel-bronze. Obverse: A cow in the center to left; legend above in Devanagari, Sri Pancha (5) Mahendra Bir Bikram Saha Deb (ruler's name and title); legend below, Nepal and samvat date, 2028. Reverse: Ear of wheat in the center; numerals 10 for value above; value written out on the sides, Ten Paisa; legend on top, Sri Bhavani; on the bottom Devanagari legend translated means, Let Us Grow More Food. Edge plain. Diameter 21 mm. Weight 4 grams.

Nigeria

The following two coins were struck at the Royal Mint in Llantrisant, Wales. Nigeria plans to convert to the decimal system in January of 1973 and made an early start with these two of the new denominations. There will be three more new coins and five new banknotes. The new unit is the naira and it is divided into 100 kobo. The value of the naira is equal to the present sterling 10 shilling. The 5 kobo is equal to 6 pence and the 10 kobo is equal to 1 shilling currently in use. Other values will be the ½ and the 1 kobo in bronze and the 25 kobo in cupro-nickel.

Y-9. 5 kobo, 1973. Cupro-nickel. Obverse: Arms in center; date, 1973, below; legend around, FEDERAL REPUBLIC OF NIGERIA. Reverse: Two cacao beans at right; value at left and below, 5 KOB0. Edge milled. Diameter 20 mm.

Y-10. 10 kobo, 1973. Cupro-nickel. Obverse: Similar to above. Reverse: Two palm trees at right; value at left and below, 10 KOB0. Edge security. Diameter 23 mm.

Panama

In co-operation with the Food and Agriculture Organization of the United Nations, Panama has issued this coin. Some of the major crops in Panama include rice, sugar, bananas, oranges, coffee and cocoa.

Y-32. 5 balboa, 1972. .900 fine silver. Obverse: Arms in center between five pointed stars on each side; value below, 5 BALBOAS; legend above, REPUBLICA DE PANAMA. Reverse: In the center a bundle of wheat held in a fist; star on each side; date, 1972, below; on the left side of the wrist are the initials F.G. for the chief engraver at the Philadelphia Mint; legend above, ASENTAMIENTO CAMPESINO. Edge milled. Diameter 39.5 mm. Weight 36 grams.

Portugal

In 1971 the cost of living in Lisbon rose by more than 12 per cent during the first six months. Neither agricultural production nor industrial output were satisfactory. However, the African territories of Portugal prospered and the Cabora Bassa hydroelectric plant and dam project in Mozambique was started.

Y-77. 50 escudos, 1971. Silver.

Obverse: Arms within inner circle; value below, 50\$000; legend around, REPUBLICA PORTUGUESA. Reverse: A tree in center with cut branches; near lower part of tree trunk are names of engraver and designer, J.A. MANTA, DEL. M. NORTE, SCUL.; dates below, 1846 - 1971; legend around, BANCO DE PORTUGAL. Lettered edge, CXXV ANIVERSARIO DO BANCO DE PORTUGAL (125th anniversary of the Bank of Portugal). Lisbon Mint. Diameter 34 mm. weight 18 grams.

Sierra Leone

On April 19, 1971, Sierra Leone declared itself a republic while celebrating the 10th anniversary of its independence. This is the first 50 cent coin issued since the Republic was established.

Y-A6. 50 cents, 1972. Cupro-nickel. Obverse: portrait to right; name below, DR. SIAKA STEVENS; legend around, UNITY FREEDOM JUSTICE. Reverse: Arms in center; numerals 50 above; value written out and date below, FIFTY CENTS 1972; legend around, REPUBLIC OF SIERRA LEONE. Edge milled. Diameter 30 mm. Weight 11.5 grams.

Democratic Republic of the Sudan

These coins, both struck at the Khartoum Mint, inspire the farmer to produce more. Major crops in Sudan include millet, sorghum, dry broad beans, peanuts, durra, sesame, dates, bananas, and cotton.

Y- . 5 milliemes, 1972. Bronze.

Obverse: In the center the new state emblem, the secretary bird, between Mohammedan and Christian dates, 1392 AH and 1972 AD; Arabic legend above, Increase The Yield. Reverse: Numeral 5 for value in the center between cotton plants; on bottom, MILLIEMES: legend above, DEMOCRATIC REPUBLIC OF SUDAN. Edge plain. Diameter 21 mm. Weight 3.5 grams.

Y- . 50 piastres, 1972. Cupro-nickel. Obverse: The secretary bird in the center between Mohammedan and Christian dates, 1392 AH and 1972 AD; legend above, THIRD ANNIVERSARY OF MAY 25th REVOLUTION; legend below, DEMOCRATIC REPUBLIC OF SUDAN. Reverse: In center a farmer plowing a field with two steers between two Arabesque ornaments; value below, 50 GUERCH; legend on top, TOWARD GREATER PRODUCTION. Edge milled. Diameter 40 mm. Weight 22.3 grams.

Syria

A severe drought and other bad

weather of 1970 greatly lowered Syria's agricultural production and caused economic difficulties. Since 1960 the country has had an average annual population growth rate of 3.3 per cent. However, Syria will strive to provide FOOD FOR ALL as noted on this FAO issue, struck at the Royal Mint, London.

Y-31. 5 piastres, 1971. Nickel-bronze. Obverse: Arms in center; Arabic legend below, Syrian Arab Republic; Christian and Mohammedan dates on the bottom, 1971 (AD) 1391 (AH). Reverse: Ear of wheat with value super imposed, 5 GUERCH, between olive branches; legend on top, FOOD FOR ALL. Edge milled. Diameter 19 mm. Weight 3 grams.

N.DA.20 1800 brass (B.M.)

Apparently all the years of the Davies pieces are now known, and only one (1791) has not been seen by the authors. It is surprising that Davies still issued pieces until 1800 since the Kempson series started in 1796, but it is assumed that the 1800 issue is the last one.

American Numismatic Association

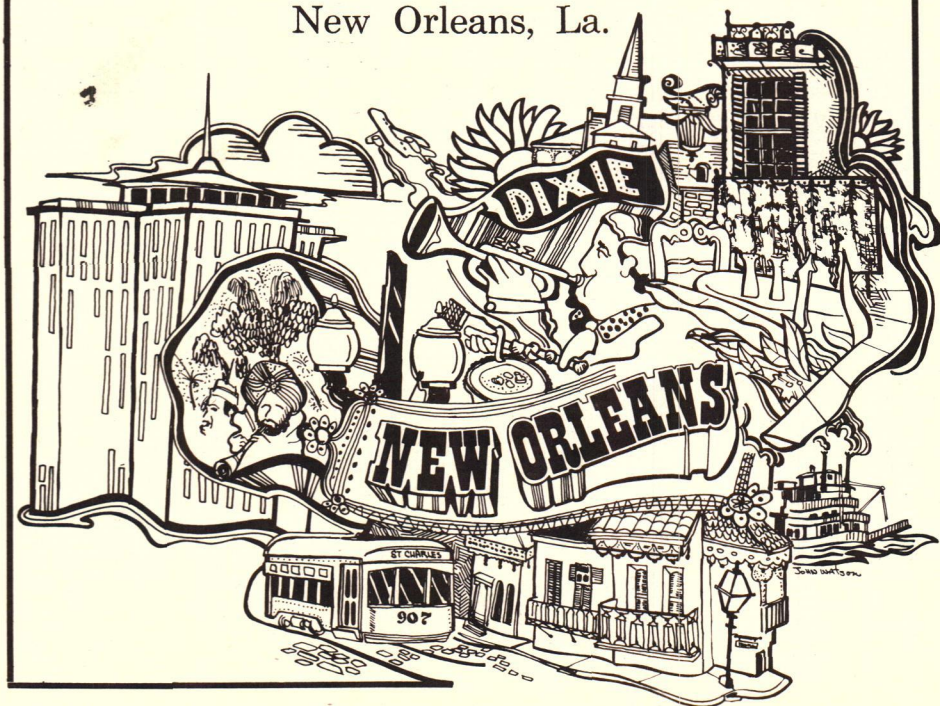

OFFICERS' REPORTS

81st

Anniversary Convention

New Orleans, La.

Annual Report of the President

In this, my first annual report as ANA president, I thank you again for giving me the opportunity of representing you, and meeting and visiting with so many of our members in my travels across the country, to local, state and regional shows and to ANA member club meetings. I believe strongly in these personal relationships which help our hobby grow and which enable our ANA organization to be of service to all individual members and member clubs.

The publishing of *The Numismatist* is probably the most important function of the ANA. However, it is not without its problems. Production and mailing costs have risen in the past year and can be expected to rise further. When the present printing contract was signed, it was anticipated that savings would result, beginning with the January 1972 issue, at which time perfect bind was slated to replace the present saddle stitch. However, before January 1972, Editor Rochette found it was not feasible to make this change. Beginning with the April 1972 issue, type-setting for the magazine was moved to Colorado Springs. This will mean lower costs as well as better control over this operation in the coming fiscal year. Vice President Virginia Culver is chairman of the Publications Committee and has spent much time and effort to keep the standards of all ANA publications at a high level.

The ANA library is also very important to our members. During 1972 the first section of the ANA Library Catalogue was issued. Over 6,000 members have requested this catalogue, which is the first issued since 1962. Other sections will follow. The preparation and printing of the first section of the catalogue was made possible through the generous donations of ANA member Harry W. Bass, Jr., and the Sidney Printing and Publishing Co., the dedicated effort of our ANA Librarian Geneva Karlson, and the special help of Executive Director Rochette, Governor Glenn Smedley and the entire ANA headquarters staff. The library activity is only one of the responsibilities of our Education Committee, ably chaired by Governor Smedley. Other responsibilities include the preparation of visual education slides for use by ANA member clubs. Three new sets of visual education slides are in preparation at the close of this year.

In September, 1971, former ANA Governor Richard Long began his duties as Director of the ANA museum in Colorado Springs. During the past 10 months Museum Director Long has been busy cataloguing the coins and other numismatic items which we had and has designed and supervised the building of museum cases for the display of our museum material. He has also been converting duplicate material into cash to help support the museum. During the year, we have received many donations for the museum — of cash and numismatic items, including a large collection of French coins.

During the past year a special effort has been made to increase our membership. The Membership Committee, under the chairmanship of Governor Grover Criswell, has done an outstanding job. The new idea of paying for life membership on a time payment basis proved to be very popular. Over 323 life members were enrolled during the past year, 118 of them using the time payment plan. Incidentally, beginning with the fiscal year 1971-72, all life membership payments have been placed in a Life Membership Fund and only the income earned from the investment of this fund is used to pay for the ANA services rendered to Life Members. (In the past, all the life membership money went into the general fund. Our current method means sounder financing of the life membership program.) 3291

regular members joined in the past year, the largest number since 1962-63. The net increase in total membership over last year was 1,194 individual members. The number of ANA club members has remained nearly constant, 956 this year versus 955 last year.

This year, for the third year in a row, we would have operated on a balanced budget if the \$62,422.50 of the membership payments received from new life members had been included as income. The success of the budget bears witness to the work of Governor Eldridge Jones and his Finance Committee as well as the ANA headquarters staff. However, it should be mentioned that our 1971-72 budget did not provide for the establishment of a maintenance and repair fund for our ANA headquarters building. Such a fund will be necessary in the future, especially as our building and its contents age, and repairs and replacement have to be made.

This and other considerations caused the Board of Governors at its March meeting to raise the dues to \$8, effective January 1, 1973.

One of the most important accomplishments of the current year was the inauguration, on June 22, 1972, of the American Numismatic Association Certification Service (ANACS) in Washington, D.C. This marked the culmination of many years of effort, on the part of many devoted workers and contributors, to bring into being a service for the certification of coins. The plan of operation of this service was based on a report which a special committee of five members made to the Board of Governors at its February, 1972, meeting. Charles Hoskins, formerly with the U.S. Mint, was appointed director of the service. Coins may be sent for certification to P.O. Box 87, Ben Franklin Station, Washington, D.C. 20044. Enough money was raised through donations to set up this service which is now expected to be self-supporting. My special thanks are given to all who helped make this important service possible. During the year, Governor Virgil Hancock, as chairman of the Authentication Committee, has kept the need for a certification service before the membership and has also been active in trying to get Congressional action on H.R. 10600, a "Hobby Bill" which would require copies, replicas, etc. to be so marked.

The coin insurance plan continues to be very popular and one of the leading services for ANA members. There are now 1,458 subscribers to this service. During the year a low cost group insurance program, called the ANA Hospital Money Plan, was started for the benefit of our members and it has also proved to be very popular. At present, there are 1,145 subscribers to this plan. This program is under the capable direction of Governor Grover Criswell.

The subject of exhibits and exhibit awards is always controversial. Chairman of the Exhibits and Exhibit Awards Committee is Governor George Hatie. He and his committee have made a serious study of the exhibit rules. Changes have been recommended which will be tried out at the New Orleans Convention.

One of my goals as president of the ANA has been to expand the District Representative Program. I feel that each state should have at least one district representative and that many of the larger states should have several. Therefore, many more district representatives have been named this year. Governor George Hatie is chairman of the District Representative Program and has been working diligently to make this expanded program an active and positive service of the ANA.

We are fortunate to have lawyers on our Board of Governors. One of them is Governor Eva Adams, who is chairman of the Complaints Committee. This committee conscientiously studies complaints received and makes recommendations to the full board on how to handle member disagreements in numismatic transactions.

The ANA has taken a strong stand on the problem of overgraded numismatic material, including slightly circulated coins which have been cleaned and processed and then offered as uncirculated. We feel that this is a violation of the ANA Code of Ethics and it is the board's intention to deal firmly with such violators who are members of the ANA.

A special effort was made during the year to emphasize the need to support a vigorous Young Numismatist Program. This job has been handled enthusiastically by Governor Kenneth Hallenbeck, Jr., with the full support of all members of the board and the numismatic press and many of our members. We expect our Young Numismatists Program to continue to grow and strengthen the ANA for years to come.

Again this year, two of our special activities, the Numismatic Summer Seminar and National Coin Week, both under the direction of Edward Rochette, were received with great enthusiasm and a greater number of our members participated.

Several trips to Washington, D.C. were made where I discussed matters of interest to the ANA with representatives of the Treasury Department and with members of Congress. I also had several meetings with our legal counsel, Ellis Edlow, who lives in Washington. Visits to Colorado Springs meant profitable meetings with all our headquarters staff and with our capable treasurer, Bill Henderson, who has done so much to help us put our financial house in order. I plan to make more trips to Washington and Colorado Springs.

One of my responsibilities this year was to visit New Orleans and meet with the ANA 1972 convention chairman, Jimmy Cohen, and his committees. I found that they had carefully planned for an eventful convention to be enjoyed by collectors, dealers and other interested visitors.

I officially represented the ANA when I had the opportunity to examine, on two different occasions, the large number of Carson City silver dollars which are stored at the U.S. bullion depository at West Point, N.Y. These silver dollars, mostly as struck, will eventually be offered for sale to the public. The General Services Administration plans to have a number of these silver dollars at the New Orleans convention for display. The G.S.A. also plans to show, at the New Orleans education forum, highlights from a film they made about the Carson City dollars.

Two visits to the San Francisco Assay Office were made to see how orders for proof and uncirculated coins are handled and to observe all phases of the manufacture of U.S. proof coins.

In January of 1972 I was pleased to be appointed a member of the Coins and Medals Advisory Panel to the American Revolution Bicentennial Commission. I am able to report that the first philatelic numismatic combination (PNC) sponsored by the ARBC has been made available to collectors. Each PNC envelope contains a Bicentennial medal and a set of four Bicentennial stamps. However, I cannot yet report that any Bicentennial commemorative coins or currency have been agreed upon.

On May 1, 1972, Edward C. Rochette was named executive director of the ANA, to succeed Adna G. Wilde, Jr., who resigned at that time. Ed had been editor of **The Numismatist** since 1966. He has been succeeded as editor by Thomas Marshall, a qualified newspaper man. Many of our members will remember that, during the period August 1967, through August 1968, Ed served as acting director of the ANA as well as editor of **The Numismatist** and did an outstanding job. It is felt that the high quality of his work will benefit the ANA even more in his new position.

This is the first year for your new historian, Neil Harris, who assumed the position when our longtime historian, Jack Ogilvie, resigned for reasons of health.

Neil had served as assistant to Jack and we feel that the duties of this office will be faithfully carried on.

John Gabarron has conscientiously continued to fulfill his duties as our sergeant-at-arms.

This report offers me the opportunity of paying tribute to all our elected and appointed officers. All of them have been very helpful to me in the past year. I have relied on their judgment. I feel that they will continue to make worthwhile contributions to the ANA and will help our organization grow in quality and quantity. I ask that you read their reports. They were written for you and will tell you in detail how the ANA has operated this past year.

At the 1971 Washington, D.C. convention, valuable coins were for the first time missing from any ANA security area. The coins belong to an ANA member dealer who brought suit for his alleged loss against the ANA and the security firm employed to operate and manage the security area. The matter is now pending in the District of Columbia Courts.

Special thanks are extended to all the numismatic press in the U.S., Canada, and elsewhere for a willingness to bring ANA matters to the attention of their readers. A free press, that tells the story as it sees it, is always desirable.

Report of the Executive Director

Only two months, May and June, of this past fiscal year were under my tenure of office. The cooperation of all board members and headquarters staff to insure a smooth transition from editor to executive director must be acknowledged here. Without their help, understanding and cooperation, the task would have been extremely difficult.

I am happy to report in my first month in office, applications for new members reached an all time high for a thirty day period—over 500. Credit here must go to the untiring efforts of our membership committee chaired by Governor Grover C. Criswell and assisted by Governor George D. Hatie and James Betton.

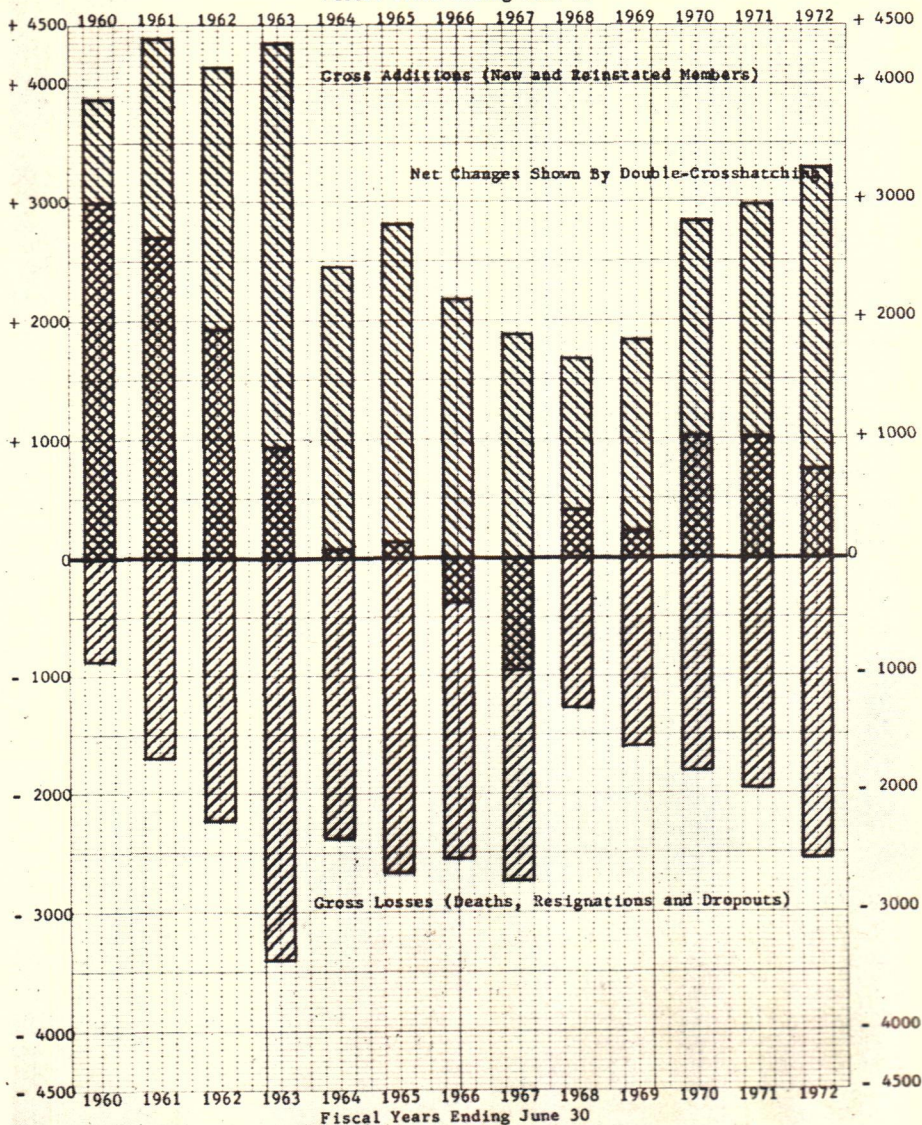

During the month of June we were all happy to see the long awaited distribution of Part I of our library catalogue. Several years of research and cataloguing, plus countless hours of free time given by the headquarters staff made this catalogue a reality. The guidance of Governor Glenn B. Smedley in the final production and assembly stages cannot go unacknowledged. The members of our association owe a debt of gratitude to both Governor Smedley and our librarian, Mrs. Geneva Karlson.

I would like to take this opportunity to invite each and every member of our association to visit their headquarters in Colorado Springs. You will be impressed with the progress of the development of the association's museum under the direction of Richard A. Long and the conscientiousness of the entire headquarters staff.

Following through on the procedures of the past, we are listing below the breakdown in membership by state on both a club and individual basis. While a very few of the larger states actually showed a small decrease in membership, we are happy to report that there was an overall increase in membership of 1,194 individuals and one club. I trust that the report next year will show an even greater increase and this can be accomplished only through your help as individual members of the greatest hobby association in the world.

Report of the Vice President

The duties of the vice president of the American Numismatic Association are to assist the President, upon his request, and to act in place of the president, in case of his absence. When requested, I was happy to confer with the president on major matters effecting the association and I conducted one session of our board meeting in Atlanta, Georgia, in March when the president had to be absent.

Detailed reports as chairman of the Publications Committee and the Gifts, Bequests, and Endowments Committee will be found elsewhere in the Officers' Reports. I served as a member of the Finance Committee also.

My special thanks to every ANA member for assistance and support and to all the ANA headquarters staff during the entire year. It is an honor to serve the association as Vice President and I will continue to serve in the best interests of the ANA.

VIRGINIA CULVER

Vice President

Report of the Editor and Advertising Manager

The first ten months of the fiscal year our official journal, **The Numismatist**, was under the editorship of Edward C. Rochette; the last two under the direction of Thomas A. Marshall. A flip of the coin has the former editor preparing the report for publication in the Officers' Reports.

Costs are up—\$131,827.51 for fiscal 1971-1972 versus \$114,892.21 for the previous year. Two reasons, the first being a change back to our original printers, McCormick-Armstrong Company, Wichita, Kansas, at a higher bid than we had with Deseret News Press, Salt Lake City, where a fair savings was offset by a decrease in quality of our magazine. Since our official journal must be of the highest quality possible, we returned to our original printers. A second reason for the increase in cost was an increase in numbers printed due to increased membership and an increase in the number of pages per issue due to more advertising that has to be matched with an increase in the number of editorial pages. We must not overlook inflation as a factor, either.

Advertising revenues noted an appropriate eight percent increase from \$101,508.14 last year to \$109,525.01 for this year. A modest advertising rate increase was instituted in February 1972, but since most advertisers are on yearly contracts, it will be many months before the full impact of this increase is noted.

We owe a special vote of thanks to all our regular contributors—Ernst Kraus, Virgil Hancock, N. Neil Harris, and Glenn Smedley. Over the coming year you will note new and imaginative advertising layouts and an added sparkle to the publication thanks to the talents of John Watson who is now handling all advertising for the magazine.

A special vote of thanks is also extended to the staffs of Numismatic News, Coin World, and COINage for a lot of behind the scenes work and help. Vir Den Mayo, our account executive with McCormick-Armstrong, has once again made the task of publishing **The Numismatist** an easier one.

One special word to our members who contribute material for publication. We currently have a three-year backlog of material on foreign coins but are in dire need of material on U.S. coins and currency. May we have your help, please!

American Numismatic Association
Colorado Springs, Colorado

We have examined the balance sheet of the American Numismatic Association as of June 30, 1972, and the related statement of income and the statement of changes in trust fund balances for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

AMERICAN NUMISMATIC ASSOCIATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 1972

Note 1 - Property Assets, Home and Headquarters Fund

Allowance for Depreciation:

The Association, being a tax exempt organization, has not computed depreciation expense, nor has it reduced the value of the property assets on the balance sheet by such accumulated depreciation.

Land:

The land on which the home and headquarters building is located is leased from The Colorado College for a rental of \$1 per year for 99 years, with an option to renew for an additional 99 years.

Note 2 - Library Assets, Home and Headquarters Fund

The Statement of Income does not include valuable noncash donations in the form of books to the Library. The Balance Sheet does not include the value of the accumulation of such assets, or of other library assets, other than office equipment, purchased by the Association. The value of these assets has not been determined.

Note 3 - Museum Fund

The Statement of Income does not include valuable noncash donations in the form of coins to the Museum, and the Balance Sheet does not include the value of any assets in the form of coins, display cases, and other donated assets. The value of these assets has not been determined.

Note 4 - Inventory

Inventory is valued at lower of cost or market. Cost is determined using the first-in, first-out method of valuation.

Note 5 - Life Membership Fees

During the last year the American Numismatic Association instituted an installment plan method of paying for life memberships. At the same time, the Life Membership Trust Fund was created to receive these payments and all future life membership fees. Previously all life membership fees had been recorded as income by the Operating Fund when received; however, in prior years life membership income was minimal. Interest from the investments of the Life Membership Trust Fund is to be transferred to the Operating Fund.

Note 6 - A.N.A. Certification Service Fund (ANACS)

The American Numismatic Association instituted a Certification Service in Washington, D.C. in the past fiscal year. Donations for this purpose in prior years were collected in the American Numismatic Authentication Trust Fund (See Exhibit D). The balance of \$40,596 was transferred to a new Fund (A.N.A. Certification Service Fund) when the office was opened and operations began.

Note 7 - Pending Litigation

The Association is the defendant in a lawsuit brought by a bourse dealer at the Washington, D.C. 1971 convention. Plaintiff claims the sum of approximately \$115,000 as the value of numismatic material checked by him in the security room at the convention and not returned. Searcher's Detective Agency was in charge of security and was also sued. A motion to dismiss the complaint has been filed on behalf of the Association and is now pending. In the opinion of legal counsel the Association has no liability.

Report of the Librarian

This has been a "mile-stone" year for the Library as the first section of the new library catalog has been completed. The initial printing has been compiled and mailed.

The number of requests for copies of our publication has far exceeded our expectations — and we have immediately gone into a second printing. We appreciate the patience and understanding shown by those members who were inconvenienced by a longer waiting period.

Obviously, a task as large as this involved the cooperation of many individuals and the whole staff at headquarters gave of their valuable time "above and beyond the call of duty" in the various phases of publication and collating.

Our special thanks and appreciation are given to Glenn Smedley, chairman of the Education Committee, who spent four weeks in Colorado Springs helping with the final stages of printing and compilation. He is also assisting with the remaining three sections.

With the release of the new catalogue, circulation of library books has shown a marked increase and we expect a very busy year ahead.

Statistic-wise, we offer the following figures for your interest:

Circulation: 821 borrowers received 2531 books

Reprint sales:	2,580	Reprints	\$2,349.31
	1,032	Scrapbooks	474.50
	161	books	551.05
	920	single copies	651.85
	Total Revenue		\$4,026.71

Complimentary copies 421.

We rely entirely on benefactors to aid us in the growth of the library and are, therefore, appreciative of those members who have contributed generously, both monetarily and with donations of numismatic literature, to help expand our collection.

GENEVA KARLSON
Librarian

Report of the Museum Director

This is the first year in which we have worked on a full-time basis in this department, so we have been able to accomplish a good deal toward developing your museum.

Our first set of exhibits, "An Introduction to Numismatics," has been installed. This group consists of eight large colorful cases with interior lighting, and as the name implies, the exhibits are aimed toward beginning numismatists and noncollecting visitors. We have begun work on the cases for our regular collections and several additional special exhibits, and setting these up will keep us very busy for the next few months. The room should be completed during the spring of 1973, and future work in this area will consist of planning and installing new exhibits to replace older ones on a regular basis so the room will always have a fresh aspect.

Clubs and individuals have contributed over \$5,000 toward cases this year, so with over \$4,000 allotted us from Endowment Fund interest, we have some \$10,000 set aside for this purpose. Construction and furnishing of the cases for An In-

roduction to Numismatics used some \$2,500 of this money, leaving us with about \$7,500 for cases for our collections and other special exhibits. We will probably need a few thousand dollars more for cases in the next fiscal year, but we anticipate that donations will cover this amount. A generous gift of 200 metal with non-glare glass from the Crisswells of Florida gives us an excellent means of displaying paper money, documents, and ANA historical material.

The value of donations this year was some \$150,000, most of which is numismatic material that has been retained in our collections. Kenneth Keith, our most generous donor, gave some \$50,000 in scarce coins and medals as he continued to build our Mexico collection. Other important donations were the Hattonchatel Find of Medieval European coins, the H. L. Moon Collection of Lincoln Medals, and a number of important groups of United States currency and broken bank notes, Israel coins and medals, and many others. The Franklin Mint continues to send us many of its medal series on a free subscription basis.

The museum realized about \$9,000 this year from the sale of duplicate donated material. In addition to disposing of pieces recently given specifically to help finance our operation, we were able to clean out many older groups of inexpensive duplicates that are not of display quality. We received a substantial donation of catalogs from Fred Bertram and Robert Weber with the stipulation that the proceeds from their sale be used to help finance our operation.

It was anticipated that our major problem would be financing the Museum. We managed to do this through the sale of duplicates and through generous donations from members and friends, but now we must work toward financing our operation for the next fiscal year. The museum is a going thing now — it's in operation on a fulltime basis, and with your help we intend to keep it growing during the coming year.

RICHARD A. LONG
Museum Director

The Treasurer's Report

The fiscal year, concluded June 30, 1972, reflects a loss for our association in the amount of \$16,856.00, this being the difference between revenues and expenses. If bookkeeping procedures previously employed had been continued during the past year, we would have shown a profit in our operations. In prior years life membership fees were placed in our general operating fund. Now, more acceptable accounting procedures are being followed, and these revenues are now in a trust fund and only the interest income is being used. At the end of our fiscal year, this fund totaled \$62,423.00.

Our operating revenues increased \$36,105.00 with the largest increases coming from membership dues and advertising in **The Numismatist**. There was an increase in expenses of \$53,049.00, resulting from three major areas: printing of **The Numismatist**, mailing of **The Numismatist** (increased postal rates), and increased salaries of headquarters' personnel.

Your Association will begin the new fiscal year with its financial affairs in an improved condition, and hopefully we shall be able to operate with a balanced budget. In order to avoid repetition, I wish to refer you to the detailed audit report prepared by Trichak, Trainor and Tillman.

William C. Henderson
Treasurer

Report of the Historian

The past year has been one of organization and familiarization of the many records and historical information obtained from immediate past historian Jack W. Ogilvie. Although retired from this appointed office, Jack continues to be the main source of information and aid in my function as historian.

The final comprehensive biographies of a number of Numismatic Hall of Fame enshrinees are all but completed. These works include the accomplishments in numismatics of Edgar H. Adams, George J. Bauer and George H. Blake. Others near completion are: Frank Duffield, Dr. George F. Heath, Lewis M. Reagan, D. C. Wismer, Farran Zerbe, Howland Wood, E. D. Newell and Moritz Wormser. Once again great amounts of work in this task have come from Jack Ogilvie.

The attributions concerning the ANA convention badge and medal series have been continuing as planned through the monthly succession of articles in **The Numismatist**. This serial began in January 1970 and the attributions will continue on a monthly basis until the issues of 1970 are reached. Following this will be a summary of the series and an attempt to evaluate the many issues. Each article is preceded, on many occasions by further research in an attempt to insure accuracy of data previously compiled. I wish to express my sincere appreciation to those persons who have contributed greatly to this accounting. I am also indebted to editors Edward Rochette and, presently, Thom Marshall for their full cooperation in regards to the publication of the series.

The eight panels from my personal ANA badge and medal exhibit, shown at past conventions, have been revised and will be sent soon to Museum Director Richard Long for use with the ANA's collection of badge and medal issues.

The historian wishes to thank Mrs. June T. Pond for her contributions of convention photographs for the years 1949, 1951, 1954 and 1960.

For the first time that I can recall the historian has been appointed as a member of the ANA Medal Committee, an appointment that will result in having all of the details available regarding the annual medal issue for historic use by the historian.

The neorology for the past year included several of its senior and distinguished members, whose accomplishments in the ANA and numismatics will be indelibly recorded in its history. They are: Frank I. Liveright, second in number seniority with membership number 1425, having joined the ANA in 1910; William A. Philpott, Jr., member of the ANA Board of Governors for a record ten one-year terms, 1929 to 1939; A. I. Martin and Al C. Overton, prominent dealers; Arthur L. Newman, Karl M. Brainard, Lesley G. Lodge, George A. MacLennan, John D. Meyer and Geoge Rony.

The historian is continually striving to obtain ANA memorabilia for its historic archives.

N. NEIL HARRIS,
Historian

COMMITTEE REPORTS

National Coin Week Committee

A novel approach for National Coin Week - 1972 was tried with board approval. The competition for trophies was eliminated and participation in National Coin Week was aimed at promoting the advantages of the hobby to the non-collector, and introducing numismatics to the "outside world."

Success of this approach far exceeded the most optimistic projections made to the board of governors when the idea was first presented. More than five times the number of clubs and individuals participated in NCW-1972 than in the previous year, when there were only 24 entries. Certificates of participation were presented to over 600 radio and television stations, newspapers, bank officials, merchants and other individuals who helped promote the hobby. Comparing this number to a little over 200 certificates for the year before is commentary enough on the success of the new approach.

EDWARD C. ROCHETTE
Chairman

Finance Committee Report

The Finance Committee membership consists of Herbert M. Bergen, Past President; Mrs. Virginia Culver, Vice President; Jake B. Sureck, C.P.A., and Eldridge G. Jones, Chairman. One formal meeting was held during the February 1972 Board meeting in Colorado Springs; several conferences between members; and mail contact on related financial matters.

For the third consecutive year the Committee has presented a balanced budget. We compliment treasurer William C. Henderson and Mrs. Ruthann Brettell, bookkeeper and Office Manager for their efforts in maintaining our financial position and records.

The requirement to submit this report in advance does not provide sufficient time for a detailed financial statement of income, expenses and related comments. After the information is available for the close of our fiscal year ending June 30, 1972, a follow-up report by the committee will be prepared based on the auditor's report.

ELDRIDGE G. JONES
Chairman

Awards Committee

Regular members of the Awards Committee are: Governor Eva Adams, chairman; Governor Glenn Smedley, Major Sheldon Carroll, and Jack Oglivie. President Pittman wisely increased the number of members for the award of the Heath Literary Awards, adding Clem Bailey, Ken Bressett and Lee Martin, making a total of seven members for the Heath panels. All members of the awards committee participated actively and most cooperatively in making their final selections.

Recipients for the highest honors which are bestowed by the American Numismatic Association were most carefully selected, on the basis of all recommendations from the committee, and final approval by the ANA board. The awards determined at the February meeting included those to receive the Farran Zerbe Memorial Award, the Medal of Merit and Heath Literary Award. Subsequently, the committee was asked to select the Outstanding Sculptor of the Year, with the assistance of Mary Brooks, director of the Mint; Joseph Segal, chairman of the Board of the Franklin Mint; William Louth, president of Medallie Art Company; and Michael Lantz, president of the National Sculptor's Society.

Again it is evident, in all of these award procedures, that more definite standards could be adopted. President Pittman has asked the board to make recommendations in this regard, these suggestions to be submitted at the next meeting of the board.

As much preliminary work is essential in selecting the recipients of all of these awards, and as it is impossible for the committees to meet together for this purpose, much corresponding has been required. The chairman is particularly grateful to all committee members who responded so promptly and in such a cooperative manner. The committee is proud of its selection and looks forward to presentations of the awards at the New Orleans convention. Needless to say, the competition is tremendous, in view of our large and very talented membership, and both the committee members and the recipients have reason to be extremely proud of the honors available to qualified members.

EVA ADAMS
Chairman

Education Committee

Again this year this committee encompassed the primary aspects of the Association's educational activities, including the library, audio-visual material, reprints, numismatic terms dictionary and the summer seminar. As is generally the case, the committee did not reach all of its goals but did make some progress toward them.

Of greatest importance is the new library catalog, Part I of which should be in the hands of most members who requested it by the time this report is released. The remaining three parts are compiled and will be in the assembly and mailing stage as you read this.

Librarian Geneva Karlson's annual report will cover this project and other operations of the library in more detail so I will confine myself to paying tribute to "Genie" and her assistants (she's had several but only one at a time) for their outstanding accomplishment. Without a precedent in the numismatic library field, they devised the comprehensive system of cataloging our library of over 2,500 titles. Our appreciation is due to the entire headquarters staff also for the many hours of tedious work in typing address labels (some 11,000) and assembling the loose-leaf pages of each catalog.

The library catalog project was financed from very generous donations (\$20,000 total) made by member Harry W. Bass, Jr., from contributions from the Sidney Printing and Publishing Company, and from donations by a number of members whose names have been published in "Donations" reports in **The Numismatist**. Further generous donations to the Library Fund are needed to help insure updating the catalog without a specific charge to members, and to help defray other library expenses such as acquisition and repair of books.

Some progress has been made toward adding new slide sets to the audio-visual material for the use of member clubs. The two sets of slides of large size U.S. paper money supplied by member Aubrey E. Bebee and the two sets of crowns of the world from member Bob Berman have been duplicated and are being mounted for circulation. A new and up-to-date listing of all visual material is promised for publication in the near future, and probably will stimulate its use.

The popularity of these programs is shown by the following tabulations of showings by member clubs during the past fiscal year.

Set No.	Title	Showings
17	Coins With Special Significance	65
2	Types of Commemorative Half Dollars	41
4	U. S. Types, Quarters to Silver Dollars	38
Film	A Trip Through the Denver Mint	38
3A	U. S. Copper Coin Types	35

3B	U. S. Types, 3¢ Pieces Through 20¢ Pieces	25
15	U. S. Paper Money, 1861-1923, Illustrated by \$5 Notes	24
14	Types of Postage and Fractional Currency	22
	All Others	261
	Total showings	635

State	Showings	State	Showings
New York	52	Ohio	33
Florida	45	Massachusetts	31
Pennsylvania	45	Maryland	27
California	35	Kansas	26
Illinois	34	Iowa	25
Thirty-five other states, Canada, Canal Zone, District of Columbia,			
Puerto Rico, APO, FPO, and ANA Headquarters			282
Total Showings			635

The committee is truly appreciative of the time spent by various members of the headquarters staff in maintaining and handling this material.

An unusual activity of this committee came about as a result of President Pittman's request that it pursue the idea, expressed primarily in articles by Abe Kosoff and Joe H. Murrey Jr., of an ANA sponsored continuing education program with the view to certifying numismatists, probably in several grades or classifications. Four members of the committee in attendance at a convention in Los Angeles held an informal meeting on February 25 to discuss the proposal and it recommended the appointment of a special committee to pursue the project.

President Pittman later appointed Abe Kosoff as chairman, with Prof. John Davenport, Maurice Gould, Robert Medlar, Prof. Joe H. Murrey, Jr. and myself as members of this special committee. He plans to appoint three members of other countries to it soon. This is a major undertaking which will take time but, in the words of Kosoff, "certification under auspices of . . . the American Numismatic Association would assure great public respect and acceptance, full of meaning."

Because of other demands on the editorial department, only a few reprints were produced this year. However, the demand for the 80 or so titles continues to be good and the gross sales surpassed last year's, the net gain of the operation being in excess of \$3,000. A list of reprints available may be secured from Librarian Geneva Karlson.

As this report is written it appears that the fourth annual numismatic seminar will be close to a sellout. The three classes (detection of counterfeits and alterations, grading, and basic introduction to the study of ancient coins) are being limited to registrations of 25 each and all will be full or nearly so. Registration at the three previous seminars were 20, 23 and 47; so the growth in popularity of this July education-vacation week is evident.

It is hoped that arrangements can be made to accommodate a larger number of members next year but it is certain that enrollment will be limited by facilities at Colorado College. All members planning to attend should enroll as early as possible as some classes will be sellouts well in advance.

Much credit is due to Edward C. Rochette for his successful efforts to build this activity to its present status, and we extend our appreciation to Colorado College for making it possible.

Members of the education committee, who have my thanks for their services, are: Peggy E. Borgolte, John S. Davenport, Maurice Gould, Abe Kosoff, Joe H. Murrey, Jr. and William A. Pettit.

GLENN B. SMEDLEY,
Chairman

Exhibits and Exhibit Awards Committee

During the 1971 ANA convention, the members of ANA adopted resolutions requesting the board to update and upgrade the exhibit/judging process. Similar resolutions were adopted in 1970. As chairman of the Exhibits Committee, it has been my objective to satisfy this request and put new rules into effect for the New Orleans convention.

President John Jay Pittman provided me with a capable and hard working committee composed of L. A. Cook, Tom Jones, Col. Robert Kriz, and Jackson Storm. Inasmuch as Cook and Kriz had initiated the request for new exhibit/judging rules, I considered it quite proper for them to indicate at the outset the specific changes that they proposed. Cook, promptly following his appointment, prepared a revised draft of the exhibit rules, separating the exhibit procedures and the judging procedures. Colonel Kriz made amendments and additions to

Cook's revised rules and copies of the Cook and Kriz revisions were submitted to Jones and Storm, who in turn submitted their amendments and comments. Cook and later Storm assumed the responsibility for preparing initial drafts of the judging guidelines. As chairman of the committee, it was my function to review and coordinate all of the revisions, resolve items of disagreement, present my own proposed amendments, additions and deletions and prepare the final draft of the revised Exhibit Rules and Judging Procedures, Judging Guidelines and Exhibit Application.

After a large volume of correspondence and numerous telephone conversations, all of the members of the committee attended a meeting in January of 1972 which lasted for over six hours. There were many differences of opinion, but inasmuch as all of the committee members had a common objective, those differences were resolved in order to permit the preparation of the final draft of all documents for presentation to the ANA board. All documents were approved by the ANA board at the February 1972 meeting with some modifications that were entirely satisfactory to the committee.

The revised Judging Procedures include, among other matters, the creation of a review committee composed of the chief judge and two assistant chief judges and the establishment of a review procedure which should be quite effective without giving an exhibitor the right to argue orally or to in any way confront any judge who rated his exhibit. It would not be possible to obtain the valuable and unrewarded services of exhibit judges if any other type of review is permitted.

Two innovations in the Judging Procedures were suggested and prepared by Colonel Kriz. One was a record sheet providing for a comparative tabulation of the points allowed by the three judges for each exhibitor, enabling the Review Committee to readily detect variances between the respective ratings. Secondly, Colonel Kriz also prepared a timetable which establishes a systematic schedule for the guidance of the exhibits chairman and other personnel with respect to the various exhibits procedures such as the placing, judging, reviewing the judging and removing of exhibits.

President Pittman has added Tony Olszewski as a member of the committee. Olszewski has a vast store of knowledge and experience derived from activities over the years as an exhibits committee chairman and he will be most helpful in any further revisions.

I am pleased to commend every member of my committee for their ability and for the unprecedented amount of time and effort that they have devoted to this project. The committee will be reviewing the operation of the new procedures in New Orleans to determine whether other revisions are desirable.

GEORGE D. HATIE
Chairman

Museum Committee

The Museum Committee membership consists of Ray Byrne, Sheldon Carroll, Robert Medlar, J. S. Wilkinson, Charles Wormser, William Henderson, Assistant Chairman, and Eldridge Jones, chairman.

The Committee feels we are most fortunate in having Richard Long as museum director, because he has a wide range of numismatic background, experience and exhibit know-how. He has designed display cases especially adapted to our museum room with the first segment installed and more to come.

Miscellaneous donations over the years have produced a quantity of material including many duplicates. The Board had earlier approved selling a large

quantity of these duplicates resulting in Long disposing of nearly \$9,000.00 worth to help finance the museum. This resulted in less bulk storage and record keeping; and created more room for usable material to be donated.

Museum Director Long reports three large donations this year: Kenneth Keith collection of Mexican coins and medals; Hattonchatel Find of Medieval European coins; and H. L. Moon collection of Lincoln medals. There have been many other donations; too many to mention.

We have benefited greatly by the presence of William Henderson, our ANA treasurer, who is also a researcher and master exhibitor. He "visits" headquarters several times a week, and counsels with the museum director. He has used his own material to "dress up" the room until our cases and material could be used.

Naturally, "Dick" Long and the committee will continue to solicit donations of numismatic value and financial support. If you have material, please send it and augment it with a check. Thank you.

ELDRIDGE G. JONES

Chairman

Convention Committee

The Convention Committee membership consists of Al Baber, Herbert Price, Jackson Storm and Eldridge Jones, chairman; all of whom are experienced convention operators.

There is at least one phase of our convention activity needing new attention; and which will necessitate an investment in additional inventory of equipment. The bourse dealers need deeper cases than the present ANA style. Last year Middle Atlantic Numismatic Ass'n. loaned 120 deeper bourse cases, which because of the Washington location, was not too difficult. Many exhibitors also requested deeper cases; and only 8 ANA deep cases were available. We should purchase a quantity to have ready next year.

For several years part of each bourse fee has been credited to the Reward Fund — now plentiful. For the next couple of years or so the same amount could be used to finance the purchase of deeper cases and the necessary shippers for dealer and exhibit usage.

The Committee solicits your comments.

ELDRIDGE G. JONES

Chairman

District Representative Committee

The District Representative Committee was formed in 1967 with 18 districts served by 29 representatives. During the following year, the number of districts grew to 33, with a proportionate increase in the number of representatives. President John Jay Pittman has now greatly enlarged this number so that there will be one or more representatives (depending upon the area involved) for each of the fifty states, as well as Canada and Mexico. In that way every member will have an opportunity to personally discuss problems and recommendations with a representative of ANA in his locality.

The prime function of a district representative is to promote good will for ANA, act as a liaison between the membership and the ANA board and make

known to me or to other officers and board members any complaints as to the policies, attitudes and activities of ANA or its personnel and any suggestions for making ANA more responsive to the needs of the members.

During the past two fiscal years, there has been a combined District Representative and Membership Committee. President Pittman has now created a Membership Committee entirely separate from the District Representative Committee, with very excellent results. However, in promoting ANA, it will still be one of the functions of the district representatives to obtain new members and to encourage membership renewals. In connection with the latter, a district representative is able to contact members personally within his area and resolve any misunderstandings which might otherwise result in a nonrenewal of membership.

The district representatives make themselves available to discuss association affairs with members and prospective members by attending meetings of coin clubs and being present at local, state and regional conventions. Many contacts are, of course, made by personal visits, correspondence and telephone calls.

The members, including member clubs, should know who their representatives are within their respective areas and should seek their counsel with respect to association matters. Although the officers and governors of ANA are always willing to communicate with members on any occasion, quite often this must be done by correspondence, which in many instances is less satisfactory than a personal discussion.

GEORGE D. HATIE,
Chairman

Bourse Selection Committee

The selection for recipients of bourse space for the 81st Anniversary Convention in New Orleans preceded my being named to this committee on assuming the position of executive director on May 1, 1972. Additional bourse space was made available, after that date, by a rearrangement of the floor plan for the bourse area. Even so, it was not possible to accommodate all applicants for bourse space for the New Orleans convention.

All eligible dealers who applied for bourse space in recent years were sent an application for New Orleans and notice advising dealers that applications must be submitted by a specific date was published in **The Numismatist** from October through December issues.

EDWARD C. ROCHETTE
Chairman

The Young Numismatic Committee

As a new chairman of the Young Numismatist Committee, it took quite a while to get things organized and myself oriented. Once this was accomplished, we could settle down to business.

We've made a significant change in organization of The Young Numismatist Committee this year by making the committee itself smaller, but attempting to create many positions of "Young Numismatist Representatives." There are also a number of unsung heroes helping the program anonymously as well as a few dedicated workers who are doing much of the work.

We hope to have at least part of the Young Numismatist Correspondence Course ready by convention time this year. The chapters have been written, proof-read, photographs received from the Franklin Mint, and at this writing it is at the printers for typing and composing prior to the preparation of plates for printing. It has been a very slow and frustrating process. We are near the end now.

The Young Numismatist magazine has been published several times this past year in spite of rising costs. Two numismatic newspapers have been most generous with money contributions enabling us to publish. David Ganz has done a fine job editing **The Young Numismatist**, but needs help. We have a few leads and are looking for more volunteers.

An anonymous donor from New Jersey has given our committee a number of foreign coins, some medals, auction catalogues, old magazines, and some supplies to be used as junior incentive awards. At this writing they are just beginning to be used. Of the free trophies and plaques our committee had, the plaques are all gone and most of the remaining used trophies aren't in the best of condition due to being chipped or scratched.

During this past year I've felt the board to be cooperative, receptive, and supportive toward the Young Numismatist program. We can't get all we want due to the budget and other practical considerations, yet we have accomplished a great deal more than meets the eye. Backing has come from many sources and we just may have the most youth oriented ANA board in history. The ball really seems to be starting to roll! I personally hope to continue to serve on this committee to give stability and continuity.

We have some fine young people in our youth program and have an opportunity to bring in many more. We also have some mature numismatists who are just great. This committee assignment has been most rewarding.

KENNETH L. HALLENBECK, JR.
Chairman

Membership Committee

The Membership Committee with Governor George D. Hatie, James L. Betton, in addition to myself as chairman, is proud to report an overall increase in ANA membership over the previous year. From the November issue of **The Numismatist** through the June issue, this committee is credited with signing up 890 regular members, 271 junior members, 27 junior associate members, and 245 installment payers on the new life membership plan.

A special thanks is extended to the publishers of Numismatic News, Coin World and COINage for their efforts on behalf of our membership committee.

GROVER C. CRISWELL
Chairman

Gifts, Bequests, and Endowment Fund Committee

It is through your generous gifts and donations to our association that it is able to return to you many benefits which otherwise would not be possible. This year through an appeal on your dues membership notices, every member

was given an opportunity to help the association by sending any amount he wished earmarked for his special category. Special thanks are credited to Past President Herbert M. Bergen for this idea which added the following to the funds:

General	\$6259.86
ANAT	6734.41
Reward	931.90
Young Numismatists	3452.28
Museum	8672.24

Personally, and on behalf of the American Numismatic Association, I wish to thank each one of you for your generosity.

Significant gifts this year have been received from Harry Bass, Coin World, Mrs. H. L. Moon, Robert Stewart Kilborne, William Skinner Kilborne, Elizabeth Kilborne Hudnut, and Kenneth Keith. Unfortunately, space does not permit listing everyone this time, but you can check back in your **Numismatist** for all gifts given the ANA. The association extends many thanks.

This is an inspiring beginning to a program which must continue and gain strength and momentum each year. It is impossible to keep up with the spiral of inflation and this is a significant way each of you can do your part. If you believe in the aims and ideals of the American Numismatic Association and wish to see it continue the many benefits of membership which it now offers and benefits which it hopes to implement in the future, you can help. The need is ever present. Each of you is a member of this committee.

VIRGINIA CULVER
Chairman

Security Committee

Robberies and thefts for the third year in a row, have declined in number largely due to the awareness on the part of the membership to avoid carelessness and keep their numismatic property in a safe place. Close cooperation between your ANA staff and all law enforcement agencies has continued to be a by-word during the past year. The headquarters maintain a master file of stolen numismatic property which is used for comparison with state and government law enforcement groups.

Rewards up to \$5000 each are available to those furnishing information leading to the arrest and conviction of persons responsible for robberies, thefts or deaths in the case of attempted robberies of ANA members.

Subject to the auditor's final report, there is currently \$19,679.75 in the Reward Fund. At dues time, donations totaling \$931.90 were received from concerned members for this Fund. Last year a number of substantial rewards were paid to alert dealers who reported seeing stolen property promptly.

Reward decals, suitable for use by dealers in their shop windows, are available from ANA headquarters.

GROVER C. CRISWELL
Chairman

By-Laws Committee

In view of the many activities of your association, situations occur from time to time requiring by-law amendments.

The problem of counterfeiting is of great concern to all of us. Many knowledgeable coin dealers, when accused of selling a counterfeit coin, have disclaimed any knowledge as to its lack of authenticity. A majority of the members of the board believe that any dealer who repeatedly makes such sales, irrespective of his claimed lack of knowledge, should be subject to expulsion. For that reason, a new provision was added to the by-laws during the past year to the effect that the selling or trading by any member on three or more occasions of counterfeit or altered numismatic items, irrespective of his lack of knowledge as to the authenticity thereof, may be deemed to constitute conduct justifying expulsion from the association. For the purposes of clarification, another provision was added to the effect that the selling or trading on even one occasion of a counterfeit or altered numismatic item, with knowledge as to its lack of authenticity, shall constitute grounds for expulsion.

The former by-law provision requiring an applicant for life membership to be a member of the Association for at least three years was repealed by the board.

Formerly, the president of the association was permitted to vote only for the purposes of breaking a tie. The result was that the president, who is elected by the membership as president and a member of the board of governors, had no right of vote on most issues. To rectify this, the by-laws were amended to give the president "the same right to vote as any other member of the board of governors."

Other amendments made during the past year were for clarification purposes and involved no substantial changes.

By-law modifications are made by the board but recommendations or objections from the members will be duly considered.

GEORGE D. HATIE,
Chairman

Numismatic Hall Of Fame

Notice of request for nominations to the Numismatic Hall of Fame was published in **The Numismatist**. Several carry over nominations were added to the new nominations received. All new nominations were approved by the ANA board and sent with the carry over nominations to the 25 electors for their consideration. Secret ballots are provided the electors and those elected to the Numismatic Hall of Fame will be announced at the annual convention in August. The results will be kept secret by our accounting firm and no one will know the results until the sealed envelope is opened and read at the annual banquet.

A very sad necessity arose due to the death of an elector, William A. Philpott, Jr. The good aspect of this sad situation is that Jack W. Ogilvie, a most deserving and dedicated numismatist, a man who has done a great deal for the ANA as historian, was appointed as an elector to the Numismatic Hall of Fame. He may be considered by some as the most qualified of all the electors to sit in that illustrious group.

KENNETH L. HALLENBECK, JR.
Chairman

Complaints Committee

Members of the Complaints Committee include Eva Adams, chairman; Virgil Hancock and George D. Hatie. Activities of this committee took up a great deal of time at the February board meeting in Colorado Springs, as well as the March meeting in Atlanta, in spite of excellent staff work in submitting the many details required to render a fair judgment in regard to the complaints.

After much discussion, action was taken against members in accordance with the by-laws of the association and their names published in **The Numismatist**. Many other complaints did not justify action or were resolved by the executive director's office. Not all of these actions were unanimous, frequently due to the fact that members fail to avail themselves of the opportunity to refute whatever charge has been made against them. If a member does not see fit to respond to letters sent to him from headquarters in an effort to secure "both sides" of the story, it is felt that this lack of interest reflects either guilt or indifference to the association rules.

The ANA board reaffirms its position that members should adhere to the Code of Ethics of the association, beyond all reasonable doubt. The board emphasizes that it cannot serve as a sounding board for personal disputes among its members. In the same spirit, the ANA board will utilize its every facility to review every alleged fact thoroughly, secure accurate information from both parties to the complaint, act without bias or prejudice or hearsay, and dispose of all complaints fairly and promptly.

EVA ADAMS
Chairman

Medals Committee

In addition to the chairman, members of this committee are Joe B. Davis, N. Neil Harris and Arthur Sipe.

After getting a slow start on the New Orleans convention medal and badge designs, the committee was able to report to the board at its February meeting at which time the board gave approval of the designs. The committee appreciates the cooperation of Sculptor Angela Gregory of New Orleans whose designs were accepted.

A better start has been made on the medallic designs for the 1973 convention and it appears at this writing that they will be submitted to the board at its meeting in New Orleans in August.

Due to the problem of engraving names on the curved space on the membership medal, the executive director suggested last year that the design be modified. The August C. Frank Company of Philadelphia, which has produced these medals since their inception, submitted sketches for a new obverse design and the committee accepted one of them.

However, before the new die could be produced, the company notified the ANA that it had closed its badge and insignia department. Committee Member Arthur Sipe was able to obtain the several dies belonging to the ANA from the Company but it will be some time before arrangements can be made to have another firm produce new medals.

GLENN B. SMEDLEY,
Chairman

Publications Committee

A major reorganization of your ANA headquarters personnel during this year has relieved Edward C. Rochette as your editor to assume the duties of your executive director. Thomas A. Marshall was appointed as editor and assumed his duties the first of May. He will look forward to meeting all ANA members at the annual convention in New Orleans and you will not want to miss this opportunity to discuss with him one of the vital functions of the association — our magazine.

Edward C. Rochette has served the association faithfully as editor since 1967 and during one period of this time was acting executive director as well. No job ever seemed too large to tackle for Ed and his constant efforts to improve **The Numismatist** as well as to keep the costs of our publications down have characterized his endeavors. The duties performed by Ed are too detailed to enumerate. I know all of you join me in thanks and praise for fine service rendered the American Numismatic Association in the many jobs very well done.

Other new personnel at ANA Headquarters helping to improve association publications include John Watson, whose artistic skills are being utilized in all departments. He handles the advertising for **The Numismatist**, also. All of the typesetting is being handled in Colorado Springs rather than Wichita which is saving the association money as well as being more convenient in time and effort.

Subscription rates to non-members were raised by the board of governors upon the recommendation of the chairman. Single copy prices are now \$1, yearly subscriptions are \$10 (\$12.50 overseas), payable in U.S. funds. Advertising is payable in advance. Delinquent fees are assessed.

Advertising does NOT cover the cost of **The Numismatist**. More than half of your yearly dues at \$6 per year are needed to pay on the cost of **The Numismatist**. Simple arithmetic will tell you little is left for other benefits you derive from the association such as the library, museum, visual education program, Young Numismatists program, **Club Bulletin**, to name a few. Add the headquarters expense and the executive director's office expenses, also to name a few, and you will readily see why it was mandatory to increase the dues to \$8 per year for 1973.

The Publications Committee had the pleasure of reviewing the submitted entries for the outstanding club publication contest this year. All entries represented time, effort, and imagination and should be highly commended. Announcement of the awards will be made during the New Orleans convention. Unfortunately, several entries were not eligible because the club dues had not been paid before the delinquent date. Don't let this happen to your club next year. To the many clubs and state or regional organizations who did not submit entries this year, an invitation is extended to participate in the 1973 contest.

Very special thanks to my committee — Margo Russell and Chester Krause.

VIRGINIA CULVER
Chairman

Insurance Committee

As of April 15, 1972, annual renewal date for the ANA "All Risk Coin Insurance Plan," we have approximately 1450 ANA members insured. The continued increase in the number of insured members indicates a growing interest in this plan. As you know, in the past year the cost of insurance has been reduced for those members who keep "large" collections in a bank vault. In addition to the reduction of premiums we have also provided an opportunity for members

to pay for this insurance annually. Heretofore, coverage could only be paid for on a semi-annual basis.

Since our last convention, we have completed the Charter enrollment period on the ANA Group Hospital Money Plan. The response to this program was very encouraging. Currently we have 1250 ANA members insured under this plan.

We have instituted a New Member mailing procedure for both the Collection Insurance Plan and the Hospital Money Plan. Both of these promotional programs were very successful.

We continue to pay claims on both the Collection Insurance Plan and the Hospital Money Plan. Again indicating the obvious need for insurance protection.

We are now looking into the possibility of developing a Group Life Insurance Program for ANA sponsorship.

Advisory Council

*Advisory Council Meeting in Washington, D.C., at the
ANA 81st Anniversary Convention, August 12, 1971*

Advisory Council Offers Bicentennial Suggestions

The observance to commemorate the nation's Bicentennial of Independence affords numismatists everywhere the rare opportunity to participate in helping to celebrate this great event in the history of these United States by utilizing the many facets of our hobby through the medium of exhibits of coins, currency and medals.

The time is now for local coin clubs, the many regional groups, and national organizations, such as, the American Numismatic Association, and others to lay plans for this observance in 1976.

Many civic groups in cities across the land should welcome any suggestions, we as collectors might see fit to offer, in relation to exhibits designed for the purpose of commemorating this great event. These groups should most certainly be included in our plans so that our exhibits can be placed in the most strategic and historic locations.

In Philadelphia, the City of Brotherly Love, there is a committee working on some suggested proposals for exhibiting all types of numismatic items in the many historic buildings in the Independence Hall area, for the purpose of tying in this hobby of ours with the celebration of the two hundredth anniversary of the founding of our nation.

This same idea can be duplicated many times in historic spots throughout the length and breadth of the nation, affording all of us with the opportunity to help celebrate our nation's birth.

One very important aspect of exhibiting our hobby over the years has been the observance of National Coin Week, which was started by Julius Gutttag of New York City in 1924, and has been observed since then, both in this country and in many other countries of the world.

Our national, regional and local groups should plan now to make this week in 1976 a memorable and meaningful one, so that our hobby will be suitably represented with outstanding exhibits in all sections of the United States. This annual event should be the focal point in 1976 for the largest and most concerted participation ever by members of the numismatic hobby.

The Numismatist

official publication of the ANA

DISPLAY ADVERTISING RATES

EFFECTIVE FEBRUARY 15, 1972

One-eighth page	\$17.25
One-quarter page	27.50
One-half page	52.50
One page	99.50

Color Available – Write for Specifics

The double center pages, inside and back cover pages are available on contract, prices on request. Contract advertisers enjoy the following discounts: 3 months, 2%; 6 mos., 5%; 1 year, 10%.

ADVERTISERS PLEASE NOTE

All correspondence relating to advertising should be addressed to Advertising Dept., **The Numismatist**, P.O. Box 2366, Colorado Spring, Colo. 80901. Make all remittances payable to American Numismatic Association.

DEADLINE: Copy must be received by the 5th of the month to insure insertion in the following month's issue. All advertising copy must be typed.

MECHANICAL REQUIREMENTS: Full page, 28½ x 45 picas; half pages may be either vertical or horizontal in format. Single column width, 13½ picas. Halftone engravings should be 110 line screen, mounted. Mats and stereos unacceptable. Position may be requested but cannot be guaranteed.

CIRCULATION: 28,500. No advertising agency commission granted. No discounts other than contract rates.

ADVERTISERS PLEASE NOTE

OTHER REQUIREMENTS: No mail bid sale listings nor ads offering lay-aways accepted. No ads accepted from minors. All ads must have numismatic significance. When advertising gold for sale, the following must be inserted in the ad, "All gold coins advertised are legally held."

CONTRACTS: Available for three, six and twelve consecutive month periods, at 2, 5 and 10 percent discounts respectively when contract requirements are fulfilled. In lieu of contract, reduced rates are granted only upon total advance payment for the period desired. Cancelled contracts will be rebilled at the next applicable rate. If new copy has not been received by the 5th of the month, the previous month's ad will be repeated.

REFERENCES: All advertisers are required to submit banking and trade references when advertising for the first time. Advertisers must be, or have one responsible member of their company, a member of ANA.

COPY: Ad copy must be typed on paper of good quality, preferably 8½ x 11", and be easily readable, and double spaced. Ad copy should be on separate sheets and never in the body of a letter of transmittal. Trade names may be used, but, except for the name of corporations, the name of the responsible person of the firm must also appear unless such person is known to the advertising manager in which case the name will be kept on file.

There will be an extra charge for heavy composition.

ILLUSTRATIONS: All cuts to be provided by the advertiser. When absolutely necessary engravings can be made from furnished photographs and advertiser will be billed at national rates.

* * *

The advertising manager has on file the names and addresses of all advertisers. Any complaints or requests for information regarding advertisers should be referred to the advertising manager. The right to edit copy, to require payment in advance, and to decline any advertisement is specifically reserved.

How to determine if you can get the highest price now—
—for part or all of your collection.

Write

Take advantage of this highly competitive market. Frankly, I urgently need material to replenish my stock and fill want lists for clients. I am not seeking "bargains." My buying records prove I pay top prices for choice material. It will pay you to write me for a quotation whenever you are ready to sell ... one piece or a collection.

CASH ADVANCE

THAT'S RIGHT ! ! ! ! We will advance a percentage of the fair retail value of your collection immediately upon receipt. Please send inventory first — do not send coins until you hear from us. We will then sell your collection at one of our forthcoming auction sales and you will receive your final settlement within 30 days after the sale. Our commission rates are always reasonable.

During the time that your coins are in our possession they are stored in our protected and insured vaults. When you receive your advance check, if for any reason you are not satisfied with the amount of the check, just return it and your coins will be returned postpaid.

In many cases our advance will be almost equal to others offer of outright purchase.

If you are not currently on our mailing list, just drop us a postcard with your full name and address and we will place your name on our catalogue mailing list.

REMEMBER — It is not too late to have your collection included in our next outstanding auction sale.

OUR SALES ARE USUALLY HELD IN THE PARKER HOUSE

We are always in need of desirable numismatic material and will be happy to travel anywhere in the world to acquire it — either for auction or for outright purchase provided the value of the material warrants it.

NO COLLECTION IS TOO LARGE — We will furnish bank references upon request.

EARLY FALL MIXTURE OF INTERESTING ITEMS

- Set of Carson City Morgan Dollars - 1878-93 plus one additional showing the reverse (14 coins). All select, strictly Unc., some w/Proof surface\$2,000.00
- 1910 Proof Set - Apparently carelessly handled sometime in the past, as there are some hairlines on the coins - fewer of course on the three minor coins. Also someone cleaned that nice Matte Proof Cent years ago and left a small nick in "T" of Cent on the reverse. However, it is still a handsome set; in red plastic. A real buy for only250.00
- Proof Sets, 1936 through 1963, including the 6-pc. 1942 set; 21 sets total. Mounted in 3 Capitol BVD black plastic boards. All sets in excellent condition and a bargain at only2,000.00
- Proof Sets, 1954 through 1964, (including both L.D.T. and Sm.D.T. 1960 sets) and sets of 1968-69. 14 sets total; 7 sets in each of two black Capitol plastic boards with white leatherette protective covers. Handsome display and a real buy at only115.00
- Encased Postage Stamps -**
- Something different, interesting, and of historical interest. These encased stamps have seen some handling and/or use but are the equivalent of Ex. Fine.
- E.P. No. 2 - 1c - Ayer's Cathartic Pills57.50
- E.P. No. 13 - 1c - Drake's Plantation Bitters57.50
- E.P. No. 32 - 3c - Ayer's Cathartic Pills57.50
- E.P. No. 39 - 3c - Burnett's Cocaine, Kalliston Toilet Sets57.50

FRIENDS, ROMANS, COLLECTORS SELL ME YOUR COINS!

In conjunction with the expansion of our retail sales division, we are instituting a separate subsidiary which will be wholly devoted to making purchases for our various divisions.

Due to the enormous need generated by our full volume picture, we are placed in the position of having to buy at a constantly escalating rate. We pay so much more because we sell so much more! We can use a wide and varied assortment of numismatic items that most other dealers just don't have the facilities to handle. We want more than just a few choice items in your collection, we want and need everything, whether it is AG or PROOF, whether OBSOLETE or MODERN. If it's collectable, we want it! Complete collections any series, paper money and foreign coinage WANTED. Obviously it is impossible for us

to list what we want, because we want almost everything and are willing to pay for it.

To those of you whose holdings are considerable, the above as well as the following should be of prime importance. As a matter of policy we maintain a cash position far and above any of our immediate or long range needs. Therefore we are in a position to handle your collection or accumulation immediately. It's always nice to know when you deal with the Old Roman Inc., you are dealing with principles only.

We now invite you to ship your coins directly to us for IMMEDIATE appraisal and disposition in the form of an airmail check to you which you may either accept or decline. Either ship your coins or write for our most generous offer.

If for any reason we can't come to terms, as always we pay return postage. If it's expeditious or advantageous to either of us, we will of course travel to negotiate the purchase and transfer of your holdings.

All matters are held in the strictest confidence.

THE PRESIDENTS

"Cameos in Silver" by *prestige creations*

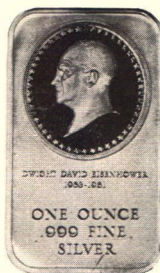

George Washington

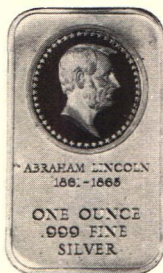

Thomas Jefferson

Franklin D. Roosevelt

Dwight D. Eisenhower

Abraham Lincoln

John F. Kennedy

It has often been said that "one picture is worth a thousand words." In the case of the remarkably beautiful silver ingots pictured above, a thousand pictures could not possibly capture the artistry and brilliance of these pieces. A new dimension has been added to medallion art by the creation of these ingots.

The frosted portraits of the Presidents are struck in high relief framed in an oval pool of brilliant proof, surrounded by a frosted field, a striking combination of finishes. These uniquely different silver cameos are truly a quality addition for any collection, struck in .999 fine silver, weighing one troy ounce.

SUPERIOR ANNOUNCES

they are NOW ACCEPTING consignments for their November, 1972 Auction.
Superior is accepting single rarities or entire collections for their November 1972 Public Auction.

QUESTION — Why should I select Superior Galleries to Auction my coins?

ANSWER — Because Superior Galleries has an average of 2 Auctions per year and they can devote more time publicizing and promoting their sales, this makes for better results.

The proof is in the record prices that Superior Galleries Auctions have set, as per examples listed below:

WE OFFER

We have great confidence in the present coin market and we are showing this confidence by paying Top Dollar for Top Quality coins.

We do not need whizzed or processed coins which only appear to be BU (i.e. Barber Halves advertised at \$79.50, Bust Halves at \$32.50, etc.), but which in reality are no better than XF or possibly AU.

The first time that we ran this ad we received some of the worst "garbage" as BU that you can imagine. Please don't waste our time and yours unless your coins are **Choice BU**.

By the way, to command these prices, the early copper must be Brilliant, and not brown, Unc.

**4 years ago this medal
was issued at \$7.50**

**Today, you're lucky if you
can get it for \$125.00**

**In 4 years, the Martin Luther King
medal surged 1,685% in value.†**

**The first series of fifty ANCS
medals have, on an average,
appreciated 80% to date.†**

**Now, you may reserve acquisition
rights to the next fifty medals
...if you act by October 15, 1972.**

The fascinating story of the black man's role in our history is being beautifully captured forever by The American Negro Commemorative Society in a unique award winning series of limited-edition artistic masterpieces.

Now, after completing series I, our members can truly appreciate their investment in our unique series of limited-edition sterling silver medals, commemorating the black man's role in American history. In 1968, we couldn't predict

to our 1380 members, how much our first series of 50 limited-edition sterling silver medals would appreciate in value.

The demand for past medals, and the resulting appreciation in their value, substantiates the interest among blacks and whites alike in the black man's heritage and cultural contributions. Will history repeat itself? It has been proven time and time again that it does.

This series received the Second Place Award in the Medals Classification of competitive exhibits on August 18, 1972, at the American Numismatic Association's 81st Anniversary Convention in New Orleans, Louisiana.

Rarity, which contributes to appreciation of commemorative medals, is assured by the fact that only one medal is struck for each of the Society's Collector Members. And then, the coining dies are destroyed.

Now, for a very brief period of time, you have an opportunity to join the American Negro Commemorative Society, as the membership rolls re-open for the second series of medals.

Membership rolls will close for 50 months on October 15, 1972.

† 1972 Franklin Mint Issues—Identifications and Valuations
by Rex Darrow & Associates.

Here are the details on this series.

Two beautiful medals sculptured on both sides will be issued every other month, beginning in November 1972, for 50 consecutive months. Each proof is 1½" in diameter and is hallmarked, serially numbered and registered for the member for whom it was struck. The number of medals struck for this series will be strictly limited to the number of people who join as collectors before the rolls close on October 15, 1972. After each run, the dies are destroyed thus assuring rarity.

Here's how you can participate.

Collector Memberships

(rolls close October 15, 1972)

Collector Memberships are available for those who join no later than October 15, and agree to purchase the second series of sterling silver proofs of each issue at the original price of

INCORPORATED

ILLUSTRIOUS COLLECTION OF CLASSIC AMERICAN VARIETY COINS

The Scott-Taxay 1971 COMPREHENSIVE CATALOG AND ENCYCLOPEDIA OF UNITED STATES COINS came out listing many classic American variety coins not in other books. I've hunted those "Newcomer" coins. I'm delighted to have found many—some great rarities, a few unpublished. I reserved my harvest of them for this ad, and here they are.

Variety coins are bright investments. Catalogs have put them on collector want lists, and an album or albums for them should be only a matter of time appearing. The hobby's yearly fads ("Jailbars" and double-die cents this year) voluminously proclaim the interest and the investment potential in the classic American variety coin.

Advertised gold is legally held.

Fantastic Coin Show!

Plan to Attend!

PROFESSIONAL NUMISMATISTS GUILD **—9th COIN SHOW—**

CHICAGO, October 20-23

COME TO CHICAGO! The Professional Numismatists Guild, leading organization of rare coin dealers, is planning a wonderful coin show to be held in Chicago. This promises to be one of the most interesting, active, and exciting numismatic events of the year. Plan to attend!

WHEN AND WHERE: The 9th P.N.G. Show will be held at the Pick-Congress Hotel in downtown Chicago. The show opening times are:

Friday, October 20 - 5 p.m. to 10 p.m.
Sat. & Sun. Oct. 21-22 - 10 a.m. to 9 p.m.
Monday, October 23 - 10 a.m. to 4 p.m.

-ADMISSION IS FREE!-

WHO AND WHAT WILL BE THERE: Professional Numismatists Guild members from all over the United States will be there - dealers with the finest stocks and best selections available anywhere - the "Who's Who" of professional numismatics! Come and meet your dealer friends and choose from the many wonderful things for sale. A vast selection awaits you!

EVERYTHING IS FOR SALE: Everything that the P.N.G. dealers bring to the P.N.G. Show will be for sale. Bring your want list with you - and expect to be able to find many of those elusive pieces you've been seeking. For sale at reasonable prices will be: United States coins, including colonials, copper, silver, and gold issues, commemoratives, tokens, patterns, medals. U.S. paper money, large and small sizes. Coins of the world - including scarce minor issues, crowns, gold coins of the world, foreign banknotes and paper money. Ancient coins. And just about every other numismatic category you can think of!

GUARANTEED AUTHENTICITY: Each and every coin sold by each and every P.N.G. dealer is guaranteed to be genuine - no "ifs, ands, or buts." This guarantee can save you hundreds or thousands of dollars. When you buy from a P.N.G. dealer you buy from an acknowledged expert, an established professional dealer who has passed the rigorous P.N.G. admission standards and who has pledged himself to observe the P.N.G. Code of Ethics.

RIGHT NOW is the time to make plans to attend the P.N.G. Show in Chicago. Walk, drive, or fly - but be sure to be there! A fantastic array of coins awaits your selection!

A Decade Of Independence Commemorated In TRINIDAD-TOBAGO'S 1972 PROOF SET

Ten Dollar Obverse

Ten Dollar Reverse

Five Dollars

A NEW TEN DOLLAR COMMEMORATIVE COIN

Trinidad-Tobago, situated just off the northeast coast of Venezuela, is now celebrating its tenth anniversary as an independent nation. As part of their celebration, they are issuing a special commemorative proof set containing eight coins, each of which bears the inscription "Tenth Anniversary". The set will include the same seven coins that appeared in the 1971 7-piece proof set as well as a new ten dollar coin made of solid sterling silver.

OFFICIAL GOVERNMENT ISSUE PRICE: **\$35** per set
Plus \$1 for postage and handling

This new ten dollar coin is considerably larger than a U. S. silver dollar and has as its main design, a map of the two islands, Trinidad and Tobago. It also portrays a Spanish galleon sailing toward Trinidad while a porpoise and a sailfish leap from the waves created by the wind blowing out of the northwest. It is a beautiful coin and will be struck to the Franklin Mint's usual exacting standards.

TWO SETS AND TWO CROWNS

The 1972 Trinidad-Tobago eight piece proof set can be yours for just \$35. A seven piece set, without the ten dollar commemorative coin, is also available for only \$22. In addition, both the new ten dollar coin and the sterling silver five dollar coin are being offered singly. The price of the proof ten dollar coin is \$13, while a single proof five dollar piece costs just \$9. This brings to *four* the number of offerings that Trinidad-Tobago is making to collectors in honor of its tenth anniversary.

A FIRST CLASS INVESTMENT

Trinidad-Tobago's proof sets are currently the "hottest" items on the world proof set market. The 1970 set and the six and seven piece sets of 1971 are only rarely available, and when offered, bring as much as *four times issue price*. We expect the 1972 sets to do as well, especially since they are commemorative issues.

OCTOBER 31ST DEADLINE

Orders for the 1972 Trinidad-Tobago tenth anniversary proof sets, and proof five and ten dollar coins can be accepted *only* until the official deadline date, October 31, 1972. To protect the collector and investor, these sets will be "made to order". That is, the number of sets to be minted will *exactly* equal the number of sets ordered before the deadline date. This means that no large unsold quantity of sets will be left hanging over the market; *every* set minted will be in the hands of collectors.

Deadline: October 31, 1972

"He built to last. The FBI will remain a living memorial to him."

A Giant, a Legend, an American Institution!

J. EDGAR HOOVER

the greatest G-Man of them all!

A most fitting tribute

To most Americans John Edgar Hoover was, as Pres. Nixon so aptly put it, "the symbol and embodiment of the values he cherished most: courage, patriotism, dedication to his country and a granite-like honesty and integrity."

56 years of his life were devoted to service of the United States, under eight presidents. 48 of those years Hoover spent building the FBI into a world-renowned law enforcement institution that will stand as a living memorial. He built to last.

The enduring qualities of beautiful medallic art make it an especially appropriate tribute to the great FBI chief—**REMEMBER — MEDALS ARE FOREVER!**

Sculptor Menconi presented Freedoms Foundation Award

Ralph J. Menconi, sculptor of many medal series for Presidential Art, has again distinguished himself as a sculptor and a scholar with the winning of the coveted **FREEDOMS AWARD** for the creation of medals of historic significance.

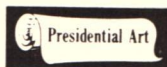

The fine hand of Menconi is apparent in the strong features, sculptured, in bold relief that so vividly portray the courage, fierce patriotism of law-loving Mr. Hoover. Forty-eight stars encircling the Obverse represent "J. Edgar's" 48 years as FBI chief. Hoover's signature is reproduced from a personal letter to Menconi in 1970. Design of the Reverse incorporates meaningful elements of the FBI seal: Scales for Justice, Laurel for Integrity. Figure of Justice represents Liberty, purpose and aims of the FBI.

The Hoover medal will be a proud possession for historians, law-loving Americans, and a must for any serious collector.

**THE ALFRED R. GLOBUS
COLLECTION OF
GOLD COINS OF THE WORLD**

PUBLIC AUCTION SALE - OCTOBER 19, 20, 21, 1972

STACK'S takes great pleasure in announcing that they will conduct the Public Auction Sale of The Alfred R. Globus Collection of Gold Coins of the World on **October 19, 20, 21, 1972**. Regardless of the area, nation or epoch you collect, there surely will be specimens offered that you will be proud to possess.

A brief outline of this collection...

LATIN AMERICAN COINS. Virtually every country in North, Central, and South America is represented by superb examples in different centuries. Various types commencing with Argentina, continuing with the splendid Spanish-Colonial coinage, and highlighted by such rarities as Salvador, Bolivia 1 Peso, Honduras, and Terra del Fuego.

NEAR AND FAR EAST COINS. This area of Numismatics contains many of the intriguing coins of Japan, China, India, Australia, German New Guinea, Egypt, Turkey, and other difficult-to-find countries. The quality of the coins in this series is outstanding, and further adds to the importance of this offering.

RUSSIAN AND BALKAN COINS. This part of the world is represented by a splendid group of Russian coins in magnificent condition, and abounds with many great rarities, including "finest knowns." The Balkan section is unusually broad in scope and is headed by a complete collection of coins of Montenegro.

ENGLISH AND FRENCH COINS. These two countries are amply represented by a select assemblage of coins from the 17th century to date. It is highlighted by a magnificent offering embracing all of the denominations, plus many great rarities, all in superb state of preservation.

NORTHERN AND LOW COUNTRIES. Rarely does the collector have the opportunity to acquire the elusive coins of the Scandinavian countries. Of particular note are the great rarities of the Netherlands, and the rare ducat coinage of Denmark and Sweden. All of these are in a fantastic state of preservation, with many "finest knowns" among the offering.

ITALY, SPAIN, PORTUGAL AND SWITZERLAND. The coinage of the southern countries of Europe can be found in this section. Many of the City States of Italy are represented here. Choice coins of Spain, highlighted by a Napoleonic rarity, are to be found here. The Portuguese series is also enhanced by great rarities.

GERMANY, AUSTRIA AND HOLY ROMAN EMPIRE. An outstanding offering of German State, City, and Empire coins, with many great rarities in Proof and Uncirculated. It is one of the choicest collections to be offered in many years.

UNITED STATES COINS. This series is highlighted by a Superb 1795 Half Eagle, other Early U.S. Gold coins, an 1879 Flowing Hair "Stella" \$4.00 Gold, and a lovely range of dates and mints of Double Eagles. It is further enhanced by a splendid array of Pioneer and Territorial Gold coins.

We cannot stress too greatly the unusually high quality of virtually every single coin in the collection and vastness of its scope.

Profusely illustrated catalog now available — \$2.00 including Prices Realized after Sale.

PUBLIC COIN AUCTION

The WINNER F. DELP

Collection of

UNITED STATES COINS

November 17, 18, 1972

A number of years has passed since Stack's has enjoyed the privilege of offering a collection at Public Auction of the calibre of the Winner F. Delp Collection of U.S. Coins to the Numismatic Fraternity. The breadth, the overall quality, as well as the rich store of Rarities provide a range of desirable specimens for every collector of U.S. Coins. This collection was formed over a period of many years, and specimens from many prominent collections were carefully acquired for their quality, and then blended into an unusually fine collection.

Following is a brief summary of this outstanding collection . . .

MINOR COINS. Complete Set of Minor Coins. 1c, 2c, 3c Silver, 3c Nickel, and 5c. Included in this outstanding group (all of which are Proof or Uncirculated) are the following Rarities: The **1856 Flying Eagle Cent** and the **1867 Rays Nickel**, both in Proof.

COINS FROM 1892 to DATE. The "Late" coinage of Silver coins, 1892 to date, from the Dime through the Half Dollar is complete but for the 1894'S' Dime. Every specimen is Proof or Uncirculated, and unusually nice. We cannot recall ever offering a better group.

COPPER & NICKEL "TYPE" COINS. The Copper and Nickel "Type" coins are really extraordinary. It is complete in the depth Mr. Delp desired, and virtually every coin is in Mint State or Proof. In many cases rarities are offered rather than the usual common dates. Without question, some of the finest specimens extant are represented in this area. For example, the Copper coins are headed by splendid **1793 Chain and Wreath Cents**, and **Proof 1856 Large Cent**. The **Half Cents** start with a magnificent specimen of **1793**.

SILVER "TYPE" COINS. The Silver "Type" coins are highlighted by Uncirculated specimens of the **1795, 1797, 1800 Half Dimes**, as well as **1848 and 1855 in Proof**. The **Dimes** feature Uncirculated specimens of **1796, 1807**, and a **Proof 1848**. The **Quarters** have choice examples of **1796, 1806**, and **Proofs of 1843 and 1855**. The **Half Dollars** include lovely examples of the **1795, 1796**, and **1803**, and a **Proof 1828**. The **Silver Dollars** starts with a **proof-like 1795**, choice **1796** and **1799**, and a **Gobrecht Dollar**.

GOLD "TYPE" COINS. The Gold "Type" Set is splendid throughout, but certain coins bear special mention. The **Quarter Eagles** include choice examples of **1798, 1808, 1824/1 and 1831**; there is a beautiful **1879 Flowing Hair "Stella"**; the **Half Eagles** include a superb **1795 Small Eagle**, an **1830**, and a **1914 Matte Proof**. Among the **\$10.00 Gold** is a choice **1801, 1864**, and **1898 in Proof**. The **Double Eagles** include an **1856'O'**, **1901 in Proof**, and a **1909 Roman Finish Proof**.

INDIAN HEAD EAGLES & ST. GAUDENS DOUBLE EAGLES. This is a Specialized Collection of Indian Head Eagles and St. Gaudens Double Eagles. The quality is superb, many came from the R.L. Miles, Jr. Collection. The **Eagles series** include both the **Wire Edge and Rolled Edge of 1907, 1920'S', 1930'S', and 1933**. The **Double Eagles**, lacking only the Ultra High Relief and the 1927'D' to be complete, feature such rarities as **1920'S', 1921, 1925'S,D', 1926'S,D', 1927'S', 1929, 1930'S', 1931, 1931'D' and 1932**.

EXTREMELY RARE SILVER COINS. Among the Rarities is the **Extremely Rare 1866 No Motto Silver Dollar**, the **1827 Restrike Quarter** and the **1884 Trade Dollar**. Also to be offered is a **Set of Proof Half Dollars from 1855 to 1891**, an **1858 Proof Set** and **1877 Proof Set**.

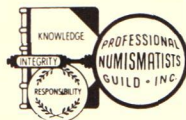

EXTREMELY RARE GOLD COINS. The Gold Rarities include an **1880 Coiled Hair Stella**, an **1880 Flowing Hair Stella**, a superb **1848'CAL' Quarter Eagle**, magnificent specimens of the **1825 and 1832 Half Eagles**, **1887 and 1891 Proof Double Eagles**, and a **Panama Pacific Set**, to mention a few.

BUYING CAMPAIGN CONTINUES

Many people have already benefited from Paramount's current intensified buying campaign. For our efforts, we have been rewarded with thousands of dollars worth of rare and choice U. S. coins. But we know that the demand for choice coins is constantly increasing, and that we must continue to surpass our competition in order to obtain material to replenish our stock.

The enthusiasm and generosity of Paramount's buying team continues to be at an all-time high. We have great confidence in the future of numismatics, and we will not hesitate to pay unprecedented high prices for material we want. All we ask is a chance to prove to you our desire and determination to out-buy our competition, and to demonstrate our willingness to pay the highest prices possible for your coins. So if you have been contemplating the sale of all or part of your collection, it would profit you to think of Paramount.

PHOTOGRADE

Now You Can Expertly Grade Coins Using Over
1000 Actual Coin Photographs!

PHOTOGRADE - The Official Photo Grading System for grading United States coins. For the very first time you can see **ACTUAL DIFFERENCES** in wear on both sides of every type of U. S. coins - from 1793 issued right up to the new Eisenhower dollar! No more confusing diagrams! No wordy descriptions! Just match your coin to the picture - and instantly you've graded your coin!

A Best Seller!

When "Photograde" was first released in 1970 the first printing sold out in a week! Since 1970 "Photograde" has achieved an unprecedented acceptance by collectors, dealers, numismatic organizations, and numismatic publications everywhere! One leading numismatic publication ordered **SIX COPIES** so that "Photograde" would be available at all times for staff members to use!

Brand-New Edition Released

We've improved "Photograde" even more! We've added more pictures and have sharpened even further the fantastic photographs so that they are now printed on 150-line screen on the finest quality coated paper. The cover of "Photograde" is flexible and is treated with the "Marcote" process, for years and years of rugged hard use without damage. The binding is stitched, thus eliminating loose pages. For the first time the Eisenhower dollar is pictured and described in several grades.

What Experts Say About "Photograde"

Before we tell you about "Photograde," read what the **EXPERTS** have said about it:

"A must for the library of every collector, beginner or advanced, of United States coins" - **THE NUMISMATIST**, official journal of the **AMERICAN NUMISMATIC ASSOCIATION**.

"Opening 'Photograde' is like opening a cabinet of actual coins. Its definitive, true photography - a new concept - combines with clear crisp text to provide an invaluable working tool for collector and dealer. 'Photograde' is top grade!" **MARGO RUSSELL**, editor **COIN WORLD**.

"The most important innovation to hit the coin hobby in years" - **NUMISMATIC NEWS**.

"The Photograde" guide simplifies the task of coin grading, providing photographic enlargements that are easy to compare with actual specimens. The best is that it can make grading experts of all of us." - **RUSS RULAU**, editor, **NUMISMATIC SCRAPBOOK MAGAZINE**..

"In almost two years of constant use I have found 'Photograde' provides great accuracy combined with simplicity and ease of use. With it every man is an expert. Without it, numismatics would have a long way to go." - **MORT REED**, nationally syndicated columnist.

"If you are a collector, the grading of coins is of utmost importance to you, whether you wish to buy, sell, or trade. 'Photograde' is the authoritative volume in this important area of the numismatic hobby." - **MAURICE M. GOULD**, nationally syndicated columnist.

"Grading is most important to all collectors, whether a beginner or a veteran of many years. James F. Ruddy has filled a great need in numismatics with his splendid book, 'Photograde,' an excellent grading guide for those who specialize in United States coinage." - **TOM HANEY**, numismatic editor, **NEW YORK TIMES**.

"Far ahead of any other." - **LOS ANGELES TIMES**.

New Standard Grading Reference

Up until the release of "Photograde," coin grading has been the single biggest problem in numismatics. Books available to collector and dealer alike were either inadequate or incomplete. Some references showed only a few types of coins, and most of them contained illustrations and descriptions or only one side of a coin. Others used line drawings which simply could not accurately show coin wear. Often, serious and costly mistakes have been made in coin grading due to the lack of explicit grading instructions. "Photograde," written by James F. Ruddy, one of America's best-known and most respected numismatists, solves the grading problem forever. The title of the book is **PHOTOGRADE - A Photographic Grading Guide For United States Coins**. Its purpose is to bring a positive new standard to professional grading practices for all United States coins.

What "Photograde" Contains:

PHOTOGRADE contains more than 1,000 top quality, high resolution coin photographs which, along with the accompanying accurately detailed **OBVERSE AND REVERSE** descriptions, will enable **YOU** to expertly grade **ANY** U. S. coin - even colonial coins! Never again will you have to wonder how the reverse of a particular grade should look or speculate as to how much wear it should show. **PHOTOGRADE** actually shows you!

Match your coin to the picture in "Photograde" and you've graded your coin!

Accurate grading is a **MUST** in order to determine the true market value of your coins. Any catalogue or price guide will show a range of current values. And for any coin these might range from \$1 to \$25 or \$5 to \$100, or \$50 to \$1000. **IF YOU CANNOT GRADE COINS ACCURATELY, YOU MAY BE THROWING YOUR MONEY AWAY!** This is why a copy of the new "Photograde" is an absolute necessity for every coin collector and dealer!

Easy to Use!

Trying to match your coin with an artist's line drawing conception of how he thinks various stages of wear on a coin should look can be frustrating. With **PHOTOGRADE** there is no guesswork. In a matter of seconds you can grade your coin just by matching it to the coin photographs! You will be **DELIGHTED** with the clear and detailed grading descriptions found in this book, accurate descriptions backed by the author's nearly 20 years of professional numismatics.

The problems which had to be overcome in the preparation of **PHOTOGRADE** were enormous. During a period of over 2 years, more than 5,000 photographs were taken of hundreds of thousands of dollars' worth of coins! Everything had to be perfect. The proper lighting and lens settings for photography as well as the most perfect coin of each grade. As a result of this painstaking work, more than 1,000 photographs of over \$100,000.00 worth of U. S. coins appear within the pages of **PHOTOGRADE**.

Plus These Extra Features:

And **PHOTOGRADE** is more than just photographs. It is a wealth of concise information valuable to any collector. For example, did you know that without expensive equipment you can perform a quick test on practically any coin which immediately spots crude casts and electrotype fakes? This information is not available in any other grading book. It is information that, alone, is worth more than the modest \$2.95 price of the book. In **PHOTOGRADE** you will also read about how to clean and store your coins. A number of coins photographs show such interesting variations as die breaks, overdates, re-engraved dates, and adjustment marks. As Q. David Bowers writes in the book's foreword, "The reader is the benefactor."

If it could be made available, what would you expect to pay for a complete and beautiful photographic presentation of all U. S. coin types, a panorama of each of the 80 major U. S. designs? Ten dollars? Twenty dollars? This is exactly what you get **FREE** with **PHOTOGRADE**.

TRIAL OFFER - SATISFACTION

Trial Offer - Satisfaction Guaranteed!

No expense has been spared in the creation and preparation, and presentation to the numismatic field of this new revised edition of **PHOTOGRADE** - the most comprehensive coin grading guide ever published! The information contained in this unique reference work is worth many times the low price of just \$2.95. But we want to let **PHOTOGRADE** prove its value to you with an unconditional guarantee Free Trial Offer. We realize that **PHOTOGRADE** is of no value

to you unless it can save you money and **PREVENT YOU FROM MAKING COSTLY GRADING MISTAKES**. Simply send us your order for **PHOTOGRADE** today. A copy will be mailed to you postpaid. Examine the book, read it, and check the coins in your own collection for **TEN FULL DAYS**. If, at the end of that time, you are not completely satisfied with the book, return it to us and every cent of your \$2.95 purchase price will be refunded to you. Or you can buy this best-selling new edition of **PHOTOGRADE** from your local dealer and examine it before buying.

Either way, buy a copy of the sensational new **PHOTOGRADE** for just \$2.95. You'll be delighted!

IF YOU ARE NOT 100% CONVINCED THAT **PHOTOGRADE** OFFERS YOU MORE IMPORTANT GRADING INFORMATION AND MAKES IT EASIER FOR YOU TO GRADE COINS MORE ACCURATELY THAN ANY OTHER GRADING BOOK, RETURN THE BOOK TO US WITHIN TEN DAYS AND YOUR PURCHASE PRICE WILL BE REFUNDED IMMEDIATELY.

SOCIETY CERTIFIED PROFESSIONAL NUMISMATISTS

WANTED

America's best buyer of Rare coins urgently needs your collection!

As one of America's foremost Rare Coin firms the demands on our inventory are extensive, requiring us to purchase Choice and Rare Coins at an ever expanding rate.

We Want To Buy: Your entire collection is urgently needed no matter what the size, if it contains the items we are looking for. Generally we are interested in any collection which contains Choice and Rare coins and early U. S. coins in AU or better condition.

Individual Coins: We are sincerely interested in individual sets and single coins as well as complete collections. We are particularly interested in worthwhile numismatic items that retail over \$10.00 each. Our needs range from Colonials thru Gold including rare dates as well as more common dates in Choice condition.

Selling to US: You will find that selling to our Rare Coin Galleries is easy and safe. Here is all you do — Package your coins carefully and send them to us by insured or registered mail. Immediately upon receipt of your coins David Bland, Jr., will personally examine your coins and send you our generous offer in the form of a confidential insured check. Upon receipt of our offer you can notify us of your decision to sell (nearly every one of the thousands of offers we have made over the past decade has been accepted). If for any reason you decide not to sell, your coins will be returned to you by insured mail at our expense. If your collection is too large to mail please send an itemized inventory to the attention of David Bland, Jr., and we will travel to you if the size of the collection warrants it.

You Will Receive More For Your Coins: Because our needs are so great at this time we will pay more than any other major dealer in the U. S. Why not sell to us as thousands of other satisfied collectors have.

For references you may apply to any numismatic publication or numismatic organization. We are members of: The American Numismatic Association (Mr. Bland is Life Member 677); Professional Numismatists Guild; Texas Numismatic Association; etc.

NATIONAL BANK NOTES

We are in the business of buying and selling National Bank Notes of the issuing period 1863-1935. We will buy any of value. Please let us know when buying or selling.

PRICE LIST

We publish a price list approximately six times a year and it is available for \$1 per issue or \$4 per year. Either amount is refundable with any order from it.

ALASKA

First National Bank of Ketchikan \$20 1929 T1 VG plus Ch. No. 12578. From our fiftieth state, this is one of only fourteen known small size notes. This note was uncovered only several months ago. A bargain considering the rarity. ONLY \$975.00

CALIFORNIA GOLD BANK NOTE

First National Gold Bank of San Francisco \$5 1870 XF Ch. No. 1741. A true prize for a currency collector because of its choice condition, rarity, and desirability to both a collector of type notes and Nationals. A STEAL FOR \$975.00

NEW MEXICO TERRITORY

First National Bank of Raton \$5 1882 Brownback AU Ch. No. 4734. One of the finest territorials I have ever seen as far as condition is concerned. It is truly remarkable that a note could be kept so nice for so long. An excellent choice for a collector at \$1,500.

PUERTO RICO

First National Bank of Puerto Rico at San Juan \$10 1902 Red Seal, Ch. No. 6484. This note grades only very good but with a note of this caliber, condition is of little significance. Has been long known as the King of Nationals, even though Puerto Rico never became a territory. This one of only nine notes known and is the only one available for sale. A similar ten sold for \$4,750 several years ago, so, we feel our asking price of \$6,200.00 only reasonable.

DAKOTA TERRITORY

First National Bank of Yankton \$1 First Charter, Original series, nearly XF, Ch. No. 2068. This note again is a real beauty, and in an excellent state of preservation. An excellent opportunity for a western collector at \$1,750.00

WASHINGTON TERRITORY

Ellensburg National Bank, Territory of Washington \$5 1882 Brownback, Ch. No. 3867, VF/XF. This note has seen no circulation but has three vertical folds and some pin holes, the note has never been cleaned and I prefer to leave it the way it is. Very appealing condition wise! This is the first time this note has been publicly offered for sale, in fact I do not have any knowledge of any others sold for many years. Please call collect if you're interested as you may never have this opportunity again. Please consider at \$4,750.00

POLITICAL AMERICANA

Jackson, Harrison, Clay, Fremont, Lincoln and Douglas! All had campaign medals and tokens struck for them. They are the real "classics" of political collecting. Prices are still surprisingly low in contrast to some of the modern celluloid buttons. An 1840 Gen. W.H. Harrison, Whig party campaign token can be purchased for as little as \$5.00 and I offer ten different varieties for \$60.00. Choose from the largest stock in the country. My latest illustrated 10 page catalog (.50c - refundable with first purchase) lists hundreds of early 19th century political campaign medals and tokens along with many later celluloid pins. I have reprinted the 1888 classic "Presidential Campaign Medals" by Gustave Kobbe - a fascinating essay on collecting these pieces, with 50 woodcut illustrations only \$1.00 per copy. 25 different pres. election buttons (originals) \$5.00. 100 mixed 1972 election buttons \$20.00.

The Charles G. Morris Collection of

ANCIENT GREEK BRONZE COINS

(AUTONOMOUS AND IMPERIAL)

We are proud to offer for sale at fixed prices an extensive collection of ancient Greek Bronze. The two main emphasis of the collection are rarity and geographical areas. It includes many scarce and rare coins and a very high number of unlisted and unpublished pieces, mostly all of which are pictured, making it a reference for scholars and collectors.

Geographically most areas of the ancient Greek world are represented with the areas of Sicily, Thrace, Asia Minor and Alexandria especially strong.

The catalogue consists of over 60 pages and includes over 1000 lots. Send \$2 for a copy or \$3 for the catalogue and future lists. Our next list will include a collection of historical Roman coins.

BEN and KURT

You have undoubtedly noticed advertising to the effect that we have purchased the entire holdings of U.S. SMALL SIZE NOTES from Mr. William R. Donlon. That is correct, and Mr. Donlon is still active and concentrating on large size U.S. notes only, and taking life at a more leisurely pace.

WE firmly believe that small size U.S. notes are still an "untapped goldmine." In a few years from now, many collectors will ask themselves why they did not start this series while they were cheaply priced and easily available. (Many of you remember when a 1931-s cent was only \$1.00 in uncirculated, and a choice \$3.00 gold was \$22.50).

If you are thinking about collecting this interesting series, please send us your name for our mailing list. If you have a want-list, and are an active and ardent collector, please do the same. Both of us will benefit, and we will try and carry on the DONLON tradition that has pleased so many collectors.

TYPE 3 VARIETY OF THE 72 DOUBLE DIE

This variety of the 72 double strike as pictured on page 61 of the September 6, 1972 issue of Coin World. It is best seen with a good 16 power magnifier. In the word Liberty the first 3 letters are definitely doubled. The model also is noticeably double. The most recognizable point on the coin is the letter "L" in Liberty. The "L" has two definite cross let bottoms. (Note: In the article in Coin World, they state the coin is definitely beveled)

RECENT FOREIGN COINS

If you are now on my mailing list, each month you receive a listing of new issues received during the preceding month, along with listings of other purchases during the period.

The July and August lists, for example, contained new dates and new types of coins from Austria, Brazil, Canada, Costa Rica, Czechoslovakia, Equatorial Guinea, Germany, Iran, Iraq, Jamaica, Mozambique, Sierra Leone, South Viet Nam, Turkey, Vatican and Western Samoa, with perhaps a few others. I know of no other place where you would find this many assembled for your selection.

Dealers, each month I issue a supplement to the wholesale list (dealers only) covering additions to stock, with many new issues included, priced "per 10" and "per 100" so you can make some money.

No charge for these lists—and you might find something you are looking for.

HASTY SELLING VS. QUICK BORROWING

Selling your collection can be profitable if you have enough time to find the best prices. *But a collection sold quickly is seldom sold profitably.*

In any emergency, borrow the money you need at *Edelman's*. Use your collection as collateral and still retain complete ownership.

At *Edelman's*, you can obtain quick confidential loans for any amount up to 80% of the value of your properties — from \$50 to \$50,000 and more. Take as long as 30 months to pay with a repayment plan tailored to your specific needs. Your collection will be safely protected in *Edelman's* air-conditioned vaults until you reclaim it. Write today for further information.

The American Numismatic Association, founded in 1891, is the largest and most active organization for coin collectors in the world. It is a nonprofit organization chartered by Congress. Most of its 28,000 carefully selected members are adult residents of the United States, but several hundred live in other countries, and its Young Numismatists are active and enthusiastic.

The Numismatist, the Association's official magazine, is mailed free each month to all members except associates.

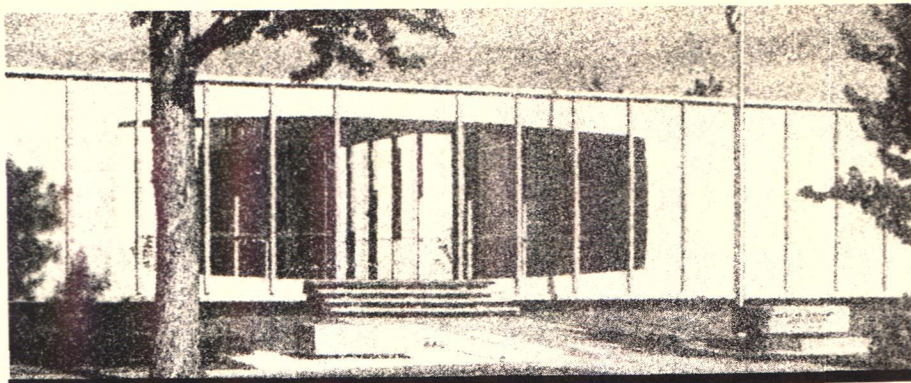

Members enjoy the privilege of using the largest circulating numismatic library in the world and the only charge for borrowing reference books is the postage round-trip from Colorado Springs.

The rapidly developing and expanding museum at ANA headquarters in Colorado Springs, features displays and study collections. Visitors are always welcome.

And those are but a few reasons for belonging to ANA.

So do a friend a favor.

Give him this page. It's his ticket to becoming a more enlightened collector.

A Sunken Treasure Coin Hoard...

A TRULY RARE OFFERING FOR THE COLLECTOR OF HISTORY.

For the collector who is truly interested in the historic, some of the most sought-after and desirable coins are now available. Romantic, historically significant and boasting tremendous collector appeal, an exciting hoard of Dutch Guilders and Pieces of Eight (8 Reales) were recently recovered from a Netherlands trading vessel which sank on July 3, 1743—some 228 years ago.

We offer these coins to the collector of the unusual. These interesting pieces each represent a souvenir of a great tragedy, a noteworthy moment in history. And, of course, having been buried at sea for over 200 years, these coins are all magnificent conversation pieces, making an exceptional addition to the "unusual" type collection.

In addition to the desirability of these coins as "sunken treasure," each piece is a numismatic prize. The silver "Pieces of Eight," for example, have been dubbed "The Coin of Our Nation's Founders" by R. S. Yeoman in the preface to "A Guide Book of United States Coins." Yeoman says of the coin, "The Spanish milled dollar valued at 8 reales, otherwise known as the 'pillar dollar' or 'piece of eight,' has been given a place in romantic fiction unequalled by any other coin." And further, "This time-honored piece and its fractional parts of 1/2 and 1 real, 2 and 4 reales, were the principal coins of the American colonists, and were the forerunners of our own silver dollar and its fractional divisions."

The Dutch pieces, or "silver ducatsons," also command substantial numismatic interest. Of the type "A22" listed in Craig's "Coins of the World," the obverse shows a horse and armored rider (not unlike King George and the dragon of modern British issue) over the duchy Coat of Arms. On the reverse you will find the Union Coat of Arms supported by two lions. This unusual coin is 42 millimeters in diameter (the U. S. Silver Dollar is only 38 MM). Differing from the "Pieces of Eight," these attractive Dutch coins, though struck from dies, were minted without a collar, leaving the coins somewhat out of round.

You can obtain from Arlington both of these rare coins from this treasure hoard. Each coin is, of course, guaranteed genuine and is accompanied by a numbered Certificate of Origin. These treasure pieces are available in four different grades (see Grading Explanation below). Most of these rare antiquities were in Mint condition when the ship sank in 1743. Understandably, however, the 228 years spent in the sea have resulted, in most instances, in some loss of detail, moderate encrustation of the coins, and a few even have minor dredging marks. Dates range from 1736 thru 1742, and the coins are available singly or as a set. We do have a very limited quantity of these pieces, and would suggest a phone call to reserve your treasure coins.

GRADE I—Dutch Guilder or "Piece of Eight"—your choice... \$29.50	The pair... \$54.50
GRADE II—Dutch Guilder or "Piece of Eight"—your choice... \$23.50	The pair... \$43.50
GRADE III—Dutch Guilder or "Piece of Eight"—your choice... \$19.95	The pair... \$37.50
GRADE IV—Dutch Guilder or "Piece of Eight"—your choice... \$17.50	The pair... \$33.50

GRADING EXPLANATION—Treasure Coinage

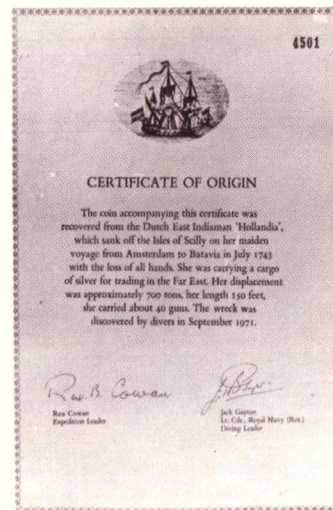

The historic coinage described here was buried at sea on July 3, 1743, and was recovered just last year—some 228 years later. The prolonged exposure to the sea water has had some effect upon the coins, adding to their historical interest. These coins have been graded according to standards heretofore established for such treasure coinage; and this grading is designed to indicate, as accurately as possible, the exact condition of the coins.

GRADE I—The highest grade of these historic pieces. These coins were in practically mint condition at the time of the sea tragedy, and all details are sharp and clean. A beautiful patina dominates these pieces; and all dates, mintmarks and assayers marks in full detail. Very minor encrustation in evidence, but no damage due to mechanical devices.

GRADE II—These coins are the second highest grade of this historic find. All dates are complete. However, some of the letters are blurred and the coins, in general, lack the detail and sharpness of Grade I. The Grade II pieces lack, to a minor degree, some of the silver content and roundness of coin; and moderately heavy sea encrustations are in evidence. A few have minor dredging marks.

GRADE III—In this grade, the dates are mostly legible, but heavy encrustations on the coin result in the loss of considerable detail. The roundness of the coin is quite impaired and noticeable lack of silver content. Cleaning of this coin would no doubt bring out much more detail.

GRADE IV—Most of the detail is lacking in these pieces, and the sea has left heavy encrustations on each of the coins. No date is evident, and it is difficult for the amateur to recognize the coin. These pieces are merely souvenirs—historically desirable coins representing a great tragedy of the sea, and a significant treasure find of 1971.

ABOUT THE TREASURE...

Reported in the June 21 issue of "Coin World," the following account is given:

... "The 'Hollandia' weighed anchor near Amsterdam on July 3, 1743, under the command of Captain Jan Kelder, including in her cargo 129,700 guilders in silver specie destined for Batavia (now Jakarta in the Dutch East Indies).

"The silver was mostly in the form of eight real coins struck by Spanish colonial Mints in the Western hemisphere, mostly from Mexico.

"During the early hours of July 13, just 10 days out of port, the hull of the 'Hollandia' was torn asunder by Gunner rock in Broad Sound off St. Agnes island of the Scilly isles. The cargo of silver coins was consigned to Davey Jones locker, 100 feet below the surface.

"Beginning in 1969, aided with a proton magnetometer, Rex Cowan and seven members of his diving team sought the cargo. A substantial portion of the coins was recovered after September 16, 1971. . ."

FOR THE COLLECTOR OF THE UNUSUAL...

TWO MEDIEVAL COINS

Byzantine

Venetian

Here are two, truly unusual coins. Medieval coins, of silver and bronze, each bearing a portrait of Christ. And each will make a fascinating addition to any collection.

In addition to their historical interest (these coins were issued in the 12th and 14th centuries), these two pieces are inexpensive but fascinating examples of man's earliest coinage. . . hand-hammered, out-of-round and certainly crude, they are exciting reminders, to collectors and non-collectors alike, of a long-forgotten era in the history of the world and of mankind.

The bronze coin is a Byzantine piece, a heavy coin about the size of a large cent, and was issued in the Near East by the Crusaders about 1100 A.D. It is the first coin to ever bear the portrait of Christ. The pieces we offer are average circulated specimens of this 900-year-old coin.

The silver piece, a matapan, was issued by Venice about 1300 A.D. A portrait of Christ enthroned appears on the obverse of this silver coin, with the Doge and St. Mark on the reverse. These specimens will grade Very Fine, and are extremely ornate.

1967 10-MARK JUBILEE COIN OF FINLAND

In 1967 Finland struck this .900 fine Silver coin to commemorate 50 years of independence.

As we all know, world commemoratives (particularly the silver issues) are in great demand. Heavy buying in many European numismatic centers has created tremendous demand for choice coins.

We offer a Brilliant Uncirculated specimen in the original presentation case of issue—the beautiful commemorative of Finland (which catalogs at \$8.00) for only

TOUR THE WORLD VIA THREE VERY SPECIAL COIN COLLECTIONS.

WHAT IT IS.

We are now accepting reservations for our coming world tour.

Perhaps this type of introduction seems a bit odd in a numismatic price list? However, we are quite serious about providing a wonderful and exciting tour of many portions of the world. And it can all be done with the aid of coins. What is more interesting is that by carefully selecting the coins, we can transport you into the past, and you don't even have to leave the comfort of your own home. Some of the world's most interesting artifacts will be delivered directly to you!

WHY SO DESIRABLE?

How do coins help to capture the history and romance of the past? Take, for example, the German States coinage. Among these coins we find tiny bits of silver stamped with the state crest and bearing such interesting names as Nassau, Prussia, and Saxe Weimar. Or how about the finely made coins of Great Britain, with the noble portraits of kings and queens carefully stamped in the gleaming silver and gold mementos of the age.

While Europe is famous for its great artists and museums, few people stop to realize that this artistic talent passed down through the ages has often reached its finest stages in coinage. The simple, yet noble, designs of the Scandinavian coins. Or the majestic Russian eagle. One need not be an advanced collector of world coinage to enjoy its beauty. Nor is it necessary to be familiar with many languages.

It seems that coins can somehow transfer their meaning without confusing anyone.

TO WHOM IS THE TOUR DIRECTED?

Truly, world coins are available for everyone to enjoy. And it does not take more than real interest in collecting to enjoy, for example, the beautiful and historic Mexican silver pesos which were as readily accepted in the far eastern ports as they were in Mexico City.

We cordially invite you to join our world tour. We have carefully selected coins from around the world which, in our opinion and judging from the demand, represent some of the finest numismatic treasures the world has to offer. Each collection will include some of the early coins and some of the modern issues. Unfortunately, most of the coins minted in the last twenty years are of so little significance that we have passed them over.

HOW IS IT AVAILABLE?

In order to make this offering within the means of all interested parties, we have assembled a variety of "travel" plans:

PLAN "A"—For \$25.00, you will receive a sampling of coins from the major European nations, including Russian and Indian coins. Israel is also represented. This collection will get you well on your way to understanding the diversity of world coins.

PLAN "B"—A more intensive study of the world is yours for \$87.50. Probably this is our most popular selection because world

gold coins are included. This selection will also visit South America.

PLAN "C"—If we have really stirred your curiosity and interest in select coins of the world, you will want our \$250.00 collection. We will take you back hundreds of years and visit England, the Far East, Europe, South America. Gold coins, long prized by the most advanced collector, are included in each lot. These, plus a few surprises, are sure to make you delighted with this collection.

† † †

IT'S SIMPLE.

We are confident that you will find each collection interesting, informative, and above all an outstanding numismatic value. By letting us select the coins, you are sure to receive worthwhile coins chosen by professionals. And these coins would cost you far more if purchased singly.

Why not join the thousands of world coin collectors who never tire of examining and enjoying their collections of fascinating and desirable coins of the world! Send in your order today, and your intriguing collection of world coins will soon be speeding to your home.

Superb Fractional Currency

One of the advantages of being a professional coin dealer is that from time to time something truly exceptional comes your way. And with choice United States currency so very difficult to obtain, we were exceedingly pleased and surprised when we were offered an entire bundle of crisp fractional currency!

We can now offer to the first twenty customers a choice, unused example of Friedberg's No. 1381. This is a colorful fifty-cent note, with a red seal, on white paper with blue ends. We doubt if it is possible to obtain a finer quality example of this popular, yet inexpensive, piece of fractional currency.

The Seventh Edition of "Paper Money of the United States" lists this note at \$27.50 in new condition. We offer Crisp Uncirculated specimens at only

\$24.50 ea.

AN UNUSUAL OFFERING

You can now purchase exciting silver coins of the world—by the pound! Through the purchase of an immense collection of foreign coins (a dealer's complete inventory), we were able to assemble several fascinating lots of SILVER coinage which you may purchase in lots of one pound (a full 16 ounces or more). Each lot contains an excellent variety of intriguing coins of the world. All are silver. Each entire pound of these desirable silver pieces consists of several crowns as well as minors, and boasts significant numismatic items which will be a welcome addition to your collection. The price? Only \$67.50. . . with a guaranteed catalog value of substantially more. A veritable investor's bonanza.

Every lot is different. And unusual. With an extensive variety of coins, many dated prior to World War II. Some even from the 1800's. Each lot contains silver coins ranging from About Good to Brilliant Uncirculated condition. And none of these lots contain any U. S. or Canadian issues.

EVERY LOT IS GUARANTEED

Without a doubt, you will be delighted with your pound of silver coins. In fact, your satisfaction is guaranteed. Otherwise, you may return your lot for a full and immediate refund. Indeed, we are confident that you cannot find a comparable collection elsewhere at anywhere near this price. However, each lot is merely weighed—we were not able to take the time to sort and attribute the coins. It will no doubt require numerous hours of your time, sorting and cataloging these pieces. As a matter of fact, to attribute your unique collection we would highly recommend the "Standard Catalog of World Coins" by Chester L. Krause and Clifford Mishler. This superb reference work, which sells for only \$10.00, contains 800 pages and covers 261 countries. And all of the coins in your one-pound lot can be found in this excellent publication.

YOUR ORDER SHOULD BE SENT IN PROMPTLY

Since we anticipate a large volume of orders for these intriguing lots, we suggest you send in your order immediately to avoid disappointment. Orders will be filled on a first-come, first-served basis—and orders which we are able to fill will be shipped within a week of receipt. As we process your order, you will be notified as to the exact date of shipment of your coins. Each lot will be carefully packaged and sent to you insured, by Air Parcel Post.

YOU MAY USE OUR LAY-AWAY PLAN

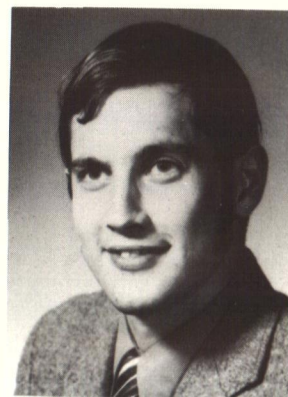

If you wish, we will be glad to put this lot in lay-away for you for 60 days at only 10% down. Of course, there is no interest or carrying charges (and with the silver market on the upswing, the intrinsic value of your investment will probably appreciate in value during the 60 days it is being held). THAT SPECIAL PACKAGE

I would like to take this space to tell you about a very enjoyable experience which took place when I was a boy.

*Tom Becker
Sales Manager*

Like most young lads, I carefully checked each numismatic publication, looking for bargains and coins which I liked and could afford. Finally, a bit disheartened at the cost of good coins, I wrote a letter to one of the dealers and asked if he could send me coins that, in his opinion, would add to my collection and would represent a good value. I explained to him that I could not afford expensive items; that I really just wanted to enjoy collecting and get the most for the small amount I could invest each month.

In only a week a letter came back from this gentleman, saying that if I wished to send him a few dollars, he would pick items from stock that he thought I might enjoy. The next day I hurried to the post office, purchased a five dollar money order, and off went my first mail order.

You can imagine my anticipation. It seemed like the days dragged by, and the postman was always late. Ten days later (by this time I was bursting) the package arrived. It wasn't very heavy. I guess I expected a bushel basket full of coins for five dollars! Ripping the package open, I discovered a little bundle of coins which, for the next few days, occupied all my time. The bundle contained odd-looking world coins, two tokens with square holes in the center, and several Indian Cents, my particular love at the time. To say the least, I was delighted with what I received.

I wrote a letter thanking the dealer, and enclosed another two dollars. The next package was just as interesting, and accompanying it was a letter thanking me for my business. Today, this dealer is one of the most respected and knowledgeable dealers in the country. His success, I am sure, is the result of making sure that each customer is as satisfied as I was.

It is our sincere belief that the staff of Arlington Coin Galleries should, and will, provide you, our customers, with the same sort of exceptional service and consideration that I received from this fine dealer many years ago. Should you care to favor us with an order or a request, please remember. . . our staff will do its best to see that every one of your orders is an enjoyable experience.

The SCARCE Barber Series

The very popular Barber coins were minted only from 1892 thru 1916, and are among the most desirable of all of the United States coins.

These series boast extremely low mintage figures, and they are series which are now concluded. Numismatic experts agree that the Barber series is one of today's finest investments, and generalize that the Barber coins have more potential for financial gain over the next four or five years than any other series. In fact, within a matter of a couple of years, these very desirable coins should at least double in price. In recounting their past performance, coin dealers recollect that even during the slump in the numismatic market, the Barber issues actually increased in price! And, of course, they are silver coins.

Recently, we were fortunate enough to obtain a large hoard of both Barber Dimes and Barber Quarters. This group of desirable pieces are all in Good or better condition, each coin having been carefully graded in accordance with Photograde standards.

Here is our refreshingly simple offer. Merely send us your check, and we will send you a hand-picked selection of Barber Dimes or Quarters. We offer these in lots of 20 pieces each (due to postage and handling charges which we absorb, we cannot offer these coins in lots of any fewer than 20 pieces). The coins of each lot will all be different, and we guarantee that you will be delighted with every coin. Orders will be filled on a first-come, first-served basis.

Remember, Arlington has many things to offer every collector. From unusual lots such as this group of Quarters and Dimes to exceptional service on every order. Plus, accurate and professional grading that every collector should expect.

By the way, your Barber coins will be shipped postpaid. And soon you will see that when we say you will be completely satisfied, we mean just that!

20 Barber Quarters (all different), Good or better \$22.50

Something Seldom Offered

As of late, we have had the pleasant opportunity of purchasing several large collections. Included in these purchases is an outstanding collection of Standing Liberty Quarters.

These pieces, long prized as being among the most beautiful of the United States coins, are scarce and in great demand for several reasons:

- 1) The placement of the date on these coins is such that it wore off quickly, with the result that now millions of these coins are now uncollectible.
- 2) The melting of literally tons of silver coins has taken its toll. No one can begin to guess just how many of these limited issue, Standing Liberty pieces have been melted;
- 3) Complete sets (less the two rare key coins) are well within the budget of most collectors. Thus, supplies of this coin are well scattered.

The Exciting Indian Cent!

One of the all-time favorites of coin collectors is the Indian Head Cent. In fact, it would be difficult to name a more popular or sought after coin.

Indian Cents, minted from 1859 thru 1909, have not been issued for over 60 years, and they are of significant historical interest. These romantic pieces cover the earliest beginnings of U. S. history, encompassing the Civil War, Custer's Last Stand, the assassination of President McKinley and the birth of aviation (the first successful flights of Orville and Wilbur Wright).

In addition, the majority of these coins are quite inexpensive, and you can even obtain a complete set of circulated Indians—with all of the key coins—for less than \$400!

We have made it easy for you to begin your collection. You can obtain 20 different Indian Cents in Good or better condition, plus an album in which to house them, for only \$12.95. This minimum investment will put you well on your way toward assembling a very exciting collection. . . and will give you a desirable group of coins, which experts predict have an extremely bright future.

Your satisfaction is completely guaranteed (if you are not happy with the coins, we will gladly refund your money). And just as soon as we receive your remittance, your fascinating collection will be on its way to you.

20 Different Indian Head Cents (Good or better), including album \$12.95

"The small cent was redesigned in 1859, and a representation of an Indian girl was adopted as the obverse device [actually not an Indian at all, but the daughter of the Engraver of the U. S. Mint, Sarah Longacre]. The 1859 reverse was also changed to represent a laurel wreath. In 1860 the reverse only was modified to display an oak wreath with a small shield at the top. The weight and composition of the coin was not changed."—R. S. Yeoman

We have on hand what surely must be one of the largest single holdings of these coins in this country. Now is your chance to begin your set of Standing Liberty Quarters, taking advantage of our abundant supply and competitive prices.

Our Offer: First, you will receive a free album in which to house your coins. Then, 15 different coins which will grade at least Very Good. (Don't be surprised to find a few Fine or better coins... we want you to be delighted with your set.) As a further incentive to begin this collection, each set offered here will have a catalog value of at least \$25.00. Our full price, including free delivery and album, is only

Paper money collecting has really caught the fancy of thousands of collectors. Numismatists have found that a small collection of interesting world notes can add interest and color to almost any collection.

Now, you can start *your* collection of unusual paper money. With every order from this price list we will send you, FREE, a selection of five different Austrian Inflation Notes (Notgeld). These colorful and interesting notes were issued during the terrible European economic crisis (which had much to do with the unrest leading to the second World War). These same notes, because of their very miniscule purchasing power, were printed only on one side and were also used as lottery tickets.

With these pieces of Notgeld, you can start your paper money collection—or add to an existing one. . . and it costs you exactly nothing!

A SUPERB COLLECTION OF GOLD FROM 10 DIFFERENT NATIONS

"Mankind has learned to love the metal [gold] for good reason. His bitter experience has shown that in the face of war, invasion, revolution, panic, inflation or other economic disaster, the gold coin, small as it is in size, has alone survived as the symbol of security when all other familiar standards of value have fallen in the general ruin."—Friedberg (in his preface to the third edition of "Gold Coins of the World")

In today's market of constantly increasing gold popularity, collectors are becoming aware of and searching diligently for the low-priced, high-intrinsic-value gold coin. A few years ago such coins were not particularly in fashion. Then, most people collected gold coins merely by date or by type—and these primarily from a collector's standpoint, since the investment potential of gold coins had not reached the degree of awareness that it now enjoys. Now, when not only collectors but people from all walks of life are recognizing the soundness of gold coin investment, there exists a strong demand for these pieces of proportionately high bullion content.

Here is an excellent selection of such coins. The glittering yellow metal coins which are now moving up rapidly in popularity. The reason? Their low dollar cost and their relatively high intrinsic value. And there is the added benefit of their being truly unusual. The gold coins from these 10 different countries are, in themselves, a desirable and fascinating collection. Beautiful and intriguing types, emanating from the cultures of nations all over the world. . . struck in that most desirable of all metals—rare, glittering gold!

For your convenience, you can purchase a five-country grouping. And, of course, the entire collection of 10 countries. Don't forget. We'll be glad to put a collection (or even two or more) in lay-away for you for 60 days. Just let us know how you want us to handle your purchase.

THE SCARCE 1902 SOVEREIGN OF EDWARD VII

The gold sovereign of Great Britain has long been highly prized in the coin collecting world. And probably the most popular among the sovereign series are the issues of Edward VII who ruled only from 1901 thru 1910. . . and the 1902 specimens offered here are not only the first year of type, but the lowest mintage of all of the sovereigns of Edw. VII.

We were fortunate in obtaining 100 of these pieces, in their original wrapper. These coins are magnificent, lustrous BU specimens of this desirable piece. Due to the small quantity available, we must limit orders to 5 pieces only per customer.

SEPTEMBER 1972

We, at Arlington, are proud to present to you our very first Price List. Inside you will find many unusual and interesting offerings—from world gold coins to pieces of silver buried at sea for over 200 years! And we are happy, indeed, to be able to offer such desirable numismatic items.

For our readers who have not yet experienced the service which Arlington provides... we give you a professional and expert organization. Members of our staff are seasoned veterans of the numismatic field. Our General Manager, Bob Norman, has been in the coin business for over 20 years. Formerly owner of Robert Norman Coins, Inc. of Dayton, Ohio, he is a well-known authority in many areas of the numismatic market. Tom Becker who is our Sales Manager, also became interested in coins many years ago—when he was just a boy. His knowledge of coins and of the coin market makes him a valuable member of our staff and a source of vast information for our customers. Arlington Coin Galleries is pleased to provide you with expertise in all phases of numismatics—U.S. and foreign, coins and currency. Whatever your numismatic needs, our staff is on hand to serve you.

And, of course, we believe in accurate grading. We, at Arlington, have been associated with numismatics for many years. We know the fine differences between the various grades, and we guarantee this expertise. Because if you're not happy with any item you purchase from

us, your money will be refunded. Without question.

Your orders and requests are handled promptly. Any mail order buyer who has ever mailed a check has spent anxious moments waiting for his package. Often this vigil has been too long. At Arlington we cut this delivery time to a bare minimum. No more long delays in waiting for your coins. Arlington will process your order within 48 hours after receipt. And your letters and inquiries will be handled in the same prompt fashion. In addition, we pay all postage and handling charges. Try us and see for yourself.

If you have the opportunity, come and visit us in our quaint offices. We'll be looking forward to seeing you. And you'll enjoy visiting us in our unusual location—a unique bank building dating back many, many years, located in the quaint town of Troy, Ohio, full of attractive, old architecture and charming shops. On-the-street parking right in front of our offices, or free municipal parking in the block behind our building. And if you're visiting COIN WORLD, be sure to stop in to see us. We're only a few minutes away.

P.S. Look for our price lists every month!

Tom Becker and Pat Bookwalter helping our customer, Mr. Keene.

TAKE ADVANTAGE OF OUR LAY-AWAY PLAN.

Good coins won't wait for you. Especially in today's rapidly advancing market. If you see something you want now (but would rather pay for in a few weeks), just let us know. Only 10% down and we'll hold it for you for 60 days. With no interest or carrying charges. Just one of the many fine services Arlington offers you.

WHEN YOU WANT TO SELL YOUR COLLECTION...

We want to buy. We are in the market for any good numismatic material—U.S. or foreign, coins or currency. Right now we are especially interested in any items in large quantity. . . bags of silver, hoards of gold. And, of course, numismatically interesting early Americana. Our buying capital is extensive. . . a prompt check awaits you when you send us your material. Give us a call or drop us a line. We are anxious to hear from you.

Collectors' Clearinghouse

Barr Notes Rank Ninth In Small-Note Quantity

This issue of Coin World is a Paper Money special, and in line with our usual policy, Clearinghouse joins in. So this week we depart from our current denominational feature and give you one on U. S. paper.

Last time this occurred, we had only two specimens of paper money to show. But since then, things have happened. Ed Neuce, Coin World's news editor, who was also the paper money authority on the staff, was transferred to Linn's Stamp News, where he took over a different kind of paper.

His successor for paper money was our associate in Coin World's Numismatic Answering Service, Ed Fleischmann. So Ed has for the past some months been making a paper money authority out of himself, and answering all the letters to Coin World's NAS that deal with that field. The rest of this week's Clearinghouse page is his.

By Ed Fleischmann

Errors, oddities and rarities are not the province of coin collectors alone. Ragpickers (a fond nickname for paper money collectors) have come up with a few surprises of their own.

Some of the notes shown here are genuinely valuable in their own right. Others could be classed as "white elephants" and still others might be considered only as conversation pieces. We purposely avoided

placing any valuation on the notes.

There are a great number of books available to collectors. There is also a national club, the Society of Paper Money Collectors, whose members make a specialty of this type of material. Collectors Clearinghouse will gladly furnish SPMC contacts upon request.

Many readers ask about the rarity of the so-called Barr notes. It may come as a surprise to them to find out that, when comparisons of quantity are made in small-size \$1 notes, the Barr notes rank a poor ninth.

The \$1 1928 United States Note with Red seal, or Legal Tender note as it is usually called, takes first place with only 1,872,012 printed. Next comes the 1928-E Blue seal Silver certificates with 3,519,324. In third place would be the 1928-C Silver certificates with 5,364,348, while 14,451,372 puts the 1928-D Silver certificates in fourth place.

Then comes the 1935-H Silver certificates with 30,520,000 and sixth place goes to the 1935-G Silver certificates with motto with 31,320,000 printed. The 1935-D narrow back design Silver certificates rank seventh with 146,944,000 and eighth place goes to the 1935-G without motto Silver certificates, 194,600,000 printed.

Finally come the \$1 Barr notes, series 1963-B Federal Reserve notes with Green seal. Total quantity printed was

458,880,000 notes. Just to make the comparison a little more startling let's break the Barr notes down by district.

The smallest quantity printed for any one of the five Federal Reserve Districts that issued the notes was 44,800,000 for Kansas City. That would place that one district in seventh place. Or consider the Star notes printed. The 2,400,000 printed for the Chicago district is still more than the total for the 1928 Red seal Legal Tender \$1 notes.

And those 1928 Legal Tenders are much scarcer than the quantity indicates. According to Donlon's catalog of "United States Small Size Paper Money," they were printed in April and May of 1933. The first 5,000 notes (numbers A00000001A through A00005000A) were released in 1933. The balance were held in the Treasury vaults until 1948-1949 when they were sent to Puerto Rico for release.

The "Standard Handbook of Modern U. S. Paper Money" by Goodman, Schwartz and O'Donnell, provides quantities of that release. 400,000 in Nov. 1948, 500,000 in Jan. 1949, 400,000 in Feb., 1949, 420,000 in Mar. 1949, and 144,000 in April 1949.

Before any of you statistically-inclined readers start berating us, we know that there is a discrepancy between the total number printed and the total number released . . . 3,012 to be exact. The reason for that difference will have to be left to those who are more knowledgeable than us. One guess would be that they represent either unreplaced destroyed notes or the Star notes of that series. Anybody got a better guess?

Cutting error? No. Just a normal note that has been cut to resemble a cutting error. The clue to this fakery is the overall size including that little "ear" in the lower left corner. It is the same size as a normal note. A genuine cutting error would have normal measurements without including that ear. This one is short both ways except where the ear is.

Folding errors do happen if the sheet is folded prior to the cutting operation. This one went through the front and back plate printings properly, but became folded before the overprint operation and remained folded when the sheet was cut into individual notes. The entire right half of the overprint appears on the back of the note. Found in circulation by James McPherson of New York.

Medals will be available at the Fall Rally and by mail from the Medal Committee, Halifax Coin Club, 1747 Summer Street, Halifax, Nova Scotia, Canada. All medals will be struck by the Wellings Mint of Rexdale, Ontario in 1½ inch size.

Other events to be featured at the show will be the bourse dealers where delegates and visitors may buy, sell, exchange and appraise coins, medals, tokens and paper money, as well

as purchase supplies for their hobby. Club members will be encouraged to submit displays of their own for public viewing and the usual trophies will be available for competition including the best of show cup donated by Thistle Coins Ltd. of

Slides For Club

A slide program was held at a recent meeting of the Brantford Ontario, Numismatic Society, on the subject of "Newfoundland Paper Money."

A card listing the coins displayed and a pile of uncleaned silver ecus just as they were recovered from the sea by Storm and his associates are to be displayed (1). Many are worn thin and smooth by the endless action of the sea and encrusted with sea growth. Next is a group of silver ecus which have been professionally partially cleaned and now look like any other silver coins of the period. Coins on the cards at the extreme right are beautiful examples of the gold Louis d'ors recovered from the wreck in almost perfect condition except for slight scratches. The four coins on the card beneath the photo of the Cross of the Order of St. Louis, also recovered from the sea, are examples of what is left of the copper coins. They are badly corroded and pitted almost beyond recognition.

Yarmouth, N. S.

Election of officers for the APNA will also take place at this time during the annual meeting of the association members. The general public is invited to the show and encouraged to participate in the various events. Free numismatic literature will be distributed.

General chairman of the Rally are Chuck Hayes and Edward Doane. Bourse chairman is Charles Longley with Bernard Kline as publicity director. Ron

Balcom is treasurer and registration chairman with assistance from Dorothy Rickard and Roberta Milligan. Clary Pelly is in charge of displays.

Offer Mint Issues

Barrie, Ontario, collectors of stamps or coins are now able to make purchases of collector items at the post office. This includes products of the Royal Canadian Mint. The shop is open during regular office hours.

RARE CANADIAN COINS

HELLO! I would like to take this opportunity to make a few comments.

We attended the C.N.A. show, table No. 3, in Toronto, and met many of you fine people that receive my monthly 10 page price list, we also met many people who read my ads in C.S.A. News printed in Canada

Many people made comments such as the following: "I always read your ads in C.S.A. News, and would like to receive your price list, but I didn't believe that any one could really sell properly graded coins at your low prices."

The man who said this bought over \$200.00 worth of coins, and said I could expect large orders from then on.

Glen and I came up with this information for you:

This prompted me to do a little checking of our files, and I came up with the following: In the past 8 months (1972) the amount of Canadian coins returned to us FOR ANY REASON was less than FOUR dollars per THOUSAND dollars shipped!!!! (You can't find faster service anywhere either.) They say that U.S. and Canadian dealers grade differently — Well I sure would like to see a Canadian Dealer with this low of percent return.

So — I've got the coins properly graded and reasonably priced — so now it's up to you to order, and see for yourself!!! 'Nuff said.

Sincerely,
Douglas Robins

Harry Jones of Ohio sent a fold error which illustrates a slightly different sequence of events than the one shown elsewhere. This time we have four photographs of the same note. The upper photo shows the note completely folded. The "L" shaped portion of white margin at the right of STATES should have been folded down as it was when in the press. The second and third photos show the front and back completely unfolded. This note went through the reverse printing operation normally, but the sheet became folded prior to the front plate printing. It remained folded during the overprinting, cutting and inspection operations, with the bottom photo showing what it looked like from the rear, so to speak. The inspector must have inspected the other end.

Only one thing IS known about the 1928 Red seal Star notes. Quantity authorized was 24,000, but nobody, including the BEP, knows how many were actually printed, let alone issued. Highest serial number reported has been 00007643-A. Those are the real rarities!

NOTE: We have received word from the top brass that Coin World's special Paper Money edition will spread over two weeks. We have some pictures left over, so Clearinghouse will do the same. Next week more paper, then back to the three-cent pieces.—JJ.

The front of this series 1953 \$2 note is perfectly centered, so a cutting error can be ruled out. The full sheet was improperly registered when the reverse plates were printed. Since this one got by the inspectors, it is safe to assume that others from the same sheet also got into circulation. This was sent in by Dwight L. Musser of Florida.

Short-snorters are nothing new, but no paper money page would be complete without one. The owner of this one, Tom Carney of Illinois, is

willing to surrender it to anyone who can identify his name or any of his buddies' names. Memories, anyone?
